DECLARATION.

No. 3367J.—The 23rd December 1911.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for such portion of the No. 17 siding of the Jamadoba loop of the Bengal-Nagpur Railway as lies between miles 204—478 feet and miles 204—2,248 feet and is edged with pink on the plan L. A. M. A. No. 183, and whereas coal mines are situate under the said land, and whereas the Borrea Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as No. 17 seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Borrea Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Manbhum

Now, therefore, the Lieutenant-Governor of Bengal in Council is pleased to declare, under section 5, sub-section (2), clause (*b*) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Borrea Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.—

1. No gallery shall be driven nor shall any coal be extracted in any place where the distance from the surface to the top of the gallery, if driven, is less than 50 feet.
2. Where the distance from the surface to the top of the gallery, if driven, is 50 feet or more, galleries may be driven not exceeding 12 feet in width and at distances not less than 62 feet apart, centre to centre, forming pillars not less than 50 feet square to be left unworked for the support of the acquired land.
3. For a distance of 60 feet from the No. 1 shaft the main shaft level may be driven 16 feet wide.
4. All the above galleries shall not exceed in height the thickness of the seam together with such of the roof as may be necessary to be taken down in order to make the gallery safe for working or passing therein.
5. Manholes not exceeding 6 feet in height by 3 feet in width by 4 feet in depth may be made where required by any rules made under the Indian Mines Act, 1901.
6. Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay.

7. These restrictions shall apply to No. 17 seam only and to the area edged with pink upon the plan, and the Barrea Coal Company, Limited, shall give notice under section IV of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under such area or to work coal under any other area of acquired land.

And that in all the above cases except to comply with the above conditions no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 183 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

3. (*a*) Government reserves to itself the right to alter the quantity and class of opium to be offered for sale in each month. No reduction in the quantities to be sold, however, will be made without three months' previous notice.

(*b*) The chests sold for China will be marked in a distinguishing manner and covered by a special permit to be granted by Government.

(*c*) All chests of certified opium sold for export to China must be shipped from Calcutta, on or before the 15th of December 1912, and if they are not so shipped, the option will be cancelled, and permits for their export to China will not be given either in 1912 or at any future time.

The following are the conditions of sale. The Board of Revenue reserves to itself the right of altering all or any of these conditions after giving three months' previous notice :—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest. and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this office by Bank of Bengal receipts, or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.
When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest
And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M; and, in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or

his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether fifteen lots, provided always that there remain a sufficient number of lots of the opium to complete the said fifteen.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the office of the Board of Revenue:—

No. 1—Certificate of the opium advertised for sale;

No. 2—Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1910-11, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

W. A. MARR,
Secretary.

NOTIFICATIONS.

JUDICIAL.

Calcutta, the 20th December 1911.

No. 1904.—In exercise of the powers conferred by sections 17 and 27 of the Indian Arms Act, 1878 (XI of 1878), the Governor-General in Council is pleased to direct that the following amendments shall be made in the Indian Arms Rules, 1909, namely:—

1. In rule 8 (1) to clause (*a*), the following words shall be added, namely, "or of appliances the object of which is the silencing of fire-arms."

2. In schedule I, in entries (1) to (5), (9) to (15,) (18) and (19), in the second column, after clause (*e*), the following clause shall be added, namely, "(*f*) appliances the object of which is the silencing of fire-arms."

MEDICAL.

The 20th December 1911.

No. 1192.—In supersession of the orders contained in the Home Department notification No. 607, dated the 1st July 1907, and of all existing orders on the subject, the Governor General in Council is pleased to make the following rules, which will be applicable to British India and Native States, regarding the receipt by medical officers of Government of fees (including honoraria or presents which may be offered for services rendered) for professional services, whether for an ordinary visit, or consultation, or confinement, or a surgical operation, in certain cases:—

(1) Whenever attendance on a Ruling Chief or his family or dependents, or on an Indian of position who holds a hereditary title conferred or recognized by Government, of rank not below that of Raja or Nawab, or his family or dependents, involves the absence of a medical officer from his station, he shall be permitted to demand or receive such fees as may be arranged between

himself and the person employing him, provided that he does not, without the special permission of the local Government, obtained as provided below, demand or receive, in addition to his travelling expenses, a higher fee than ₹500 a day for the first three days and ₹250 a day thereafter, the full daily fee being given for every complete period of 24 hours' absence, with a proportionate fee for periods of less than 24 hours.

(2) For similar attendance not involving absence from his head quarters a medical officer may demand or receive fees in accordance with the scale which he has fixed for his patients generally.

(3) Before accepting or demanding from a Ruling Chief or Indians of position, as referred to in rule (1), a fee in excess of the rates laid down in rules (1) and (2) above, a medical officer must report the case confidentially to the local administrative medical officer, who will obtain unofficially, and communicate to him, the orders of the local Government. When taking the orders of Government the administrative medical officer will be careful not to disclose any of the medical particulars of the case.

(4) Local Governments and Administrations shall have full power to dispose of all cases so reported to them, but shall be at liberty to consult the Director-General, Indian Medical Service, or to refer any particular case for the orders of the Government of India.

(5) Fees for operations and confinements may be accepted equal in amount to those current in similar circumstances in the profession in the United Kingdom.

2. The Home Department notification No. 100, dated the 2nd February 1911, is hereby cancelled.

CIVIL ENGINEERING COLLEGE, SIBPUR, *the 23rd June 1911.*

NOTICE.

Two junior Commercial or "C" classes will be opened in connection with the Government Commercial Institute, 308, Bowbazar Street, Calcutta. The first-year class will be opened from the middle of January 1912, and the second-year class will be formed in 1913.

One of the recommendations of the Education Commission was that in the upper classes of High Schools there should be two divisions, one teaching for the Entrance Examination of the University, the other of a more practical character. The course was to be alternative with the course which culminates in the Calcutta University Entrance (now Matriculation) Examination. The scheme, later on, for the bifurcation of studies in High Schools provided that there should be two courses alternative with the University Entrance course. These two courses are now called "B" and "C," and the Entrance course has since been known as the "A" course.

The "C" or the Commercial course is intended to prepare boys for commercial life. In rule No. 10 of the rules for the affiliation of Technical Schools to Collegiate, Zilla or High Schools in Bengal, sanctioned in Government letter No. 93T.G., dated the 10th May 190-, it was mentioned that the Bengal Chamber of Commerce had stated that a student who had passed the Final Examination at the end of the "C" course would be considered by it as equal, for the purposes of employment, to an Entrance (now Matriculation) passed student; while, it was laid down that the same examination would be considered by the Government as equivalent to the Entrance Examination.

A scholarship of Rs. 15 will be awarded to the candidate who stands first in order of merit at this "C" Final Examination, and the successful candidates will be eligible for admission into the advanced Commercial classes along with the Matriculates. The claims of those who will pass the Final Examination of the Advanced Commercial Classes will be more fully recognised by mercantile firms than has hitherto been the case. In their Notification No. 4122Mis., dated the 24th November 1911 (*Calcutta Gazette*, 29th November 1911), regarding the rules for regulation of appointments in the Clerical Service of the Secretariat of the Government of Bengal and certain other Government offices, the Government have declared that the candidates who have passed the Final Examination of the Advanced Commercial Classes would be admitted to the competitive Clerkship Examination (Lower Division), for which the Advanced Commercial Course syllabus has been generally adopted, along with those who have passed the Intermediate or any higher examination of an Indian University.

It is to be hoped that boys who do not want to take the Matriculation course, or for whom their parents do not forecast a University career or for whom the Matriculation course is obviously not suitable, will take up "C" course in the Government Commercial Institute.

For the students of these classes the following course of study is prescribed:—

Arithmetic and Algebra	...	With the second and first classes of a zilla school.
Geometry and Mensuration	...	Mensuration as in Elementary Mensuration for Indian Schools, by A. E. Pierpoint, Part I.
Modern English ...	...	No fixed text-book: boys to be exercised in translation, re-translation, dictation, grammar, parsing, etc. They should be required to write short essays and letters on easy subjects, and to reproduce in their own words stories which have been read to them.
History and Geography	...	The same text-book as that prescribed for the second and first classes of a zilla school.
Drawing and Practical Geometry		As in Harrison and Baxandall's Practical Plane and Solid Geometry, Chapters I to VII inclusive. Also Freehand-drawing from models
The vernacular of the district.		
Drill.		

Students admitted to the present first-year class will be required to produce certificates signed by the Head Masters of schools testifying that they have studied for a year in the third class of their schools and have passed their annual examinations. The Principal of the Institute has the right to refuse admittance to any student who appears not to have made sufficient progress in the school.

The students will pay an admission fee of Rs. 3. The monthly tuition fee will be Rs. 3.

Applications for admission into the first-year class should reach the Principal, Government Commercial Institute, on or before the 15th January 1912.

G. K. SEN, *Offg. Principal*,

The 6th December 1911.

CIVIL ENGINEERING COLLEGE, SIBPUR.

ENGINEER DEPARTMENT.

Session 1912-13.

APPLICATIONS for admission as regular students to the Engineer Department of the Civil Engineering College, Sibpur, will be received by the Principal up to 1st February 1912 in accordance with rule 9 of the Engineer Department Rules. Every such application should be accompanied by a registration and examination fee of Rs. 4, which shall in no case be refunded.

Candidates must appear at a special Drawing test as laid down in rules 10 (*b*) and 13 which will be held in connection with the University examinations. The exact date and centres will be announced when fixed.

The applicant for admission must produce with his application a medical certificate in the prescribed form signed within one month of its submission by a Civil Surgeon. No other form will be accepted. Candidates, if they so desire, may present themselves for medical examination before the Medical Officer resident at the Civil Engineering College, Sibpur, on Mondays and Thursdays from 7 to 10 A.M.

Special students are also admitted; they must apply before 1st July

For further particulars and for copies of the rules apply to the Principal.

CALCUTTA, *the 5th January 1912.*

GENERAL DEPARTMENT.

NOTIFICATION.

No. 52.— The 6th January 1912.—In the year 1903 His Majesty's Secretary of State for India sanctioned as a provisional measure the institution of a certain number of scholarships, tenable by natives of India, in Europe or America. The purpose of these scholarships was to provide for natives of India that higher technical education which might qualify them to assist in promoting existing native industries and developing new industries wherever this might be possible. Technical education for this purpose was defined as (*a*) the study of the scientific methods and principles underlying the practice of any handicraft, industry or profession, and (*b*) the application of these methods and principles to the handicraft, industry or profession in question. Law, medicine, civil engineering, forestry and veterinary science, being already provided for, were not included among the subjects to be studied by the holders of the technical scholarships, and agriculture was excluded from the scope of the scheme.

2. The Government of India have decided to award, during the year 1912, one scholarship to each province, provided that the Local Government or Administration concerned has a suitable candidate to nominate, and that its recommendation is submitted in accordance with the principles which are stated in paragraph 5 below, and that the industry to be studied is either already developed or in the process of development.

3. It may, however, happen that owing to the dearth of eligible candidates in certain provinces, two or more scholarships may on occasion be available for allotment to other provinces. If, therefore, a Local Government is in a position to recommend confidently more than one candidate, such recommendation may be submitted to the Government of India. In such cases the candidates need not necessarily be selected for the same industry.

4. As regards the current year, it has been decided, after consultation with representatives of the mercantile and industrial communities, that one candidate will, if possible, be recommended for a scholarship in connection with Mechanical and Electrical Engineering. If a second scholarship is allotted to Bengal, a second candidate may be recommended in the same subject. The selection will depend largely on the character of the applications received.

5. The principles in accordance with which recommendations for scholarships will be submitted to the Government of India are as follow :—

(*a*) In making selections Government will bear in mind the fact that it will be necessary for the students to have a competent knowledge of English, or of the language of any other country to which they may be sent.

(*b*) Government will also be guided by considerations of the capacity and intelligence of applicants, and of the practical interest shown by them in the industries selected, as also the assurance which they may afford that they will continue to devote themselves to the industries selected on their return in India. These being matters which cannot be decided by competition, it is to be understood that the scholarships are not to be regarded as prizes, for which every one has a right to claim an equal opportunity of competing.

(*c*) As a general rule, a scholar, before being nominated, should have received the best technical education available in the province in the particular industry which he proposes to study. The standard of this education differs in different industries, and each may be considered on its own merits. Even if the standard of technical education in a particular industry is low, the scholar may be nominated, if he has availed himself of the best facilities obtainable, and shown an interest in the industry selected.

(*d*) No age-limit is fixed for scholars, but an age-limit may, at the discretion of Government, be fixed for any particular scholarship for which it invites applications.

6. The following are the conditions and terms on which the scholarships are tenable :—

(*a*) The value of the scholarships has been fixed at £150 a year, exclusive of fees payable to the institutions where the scholars will study, and travelling expenses; but in special cases Government will consider proposals for increasing the amount of the scholarships.

(*b*) In ordinary circumstances the period for which a scholarship is tenable will be two years, but in special cases it may be increased to a third year, or, on the other hand, it may be reduced below even two years.

(*c*) The scholarships are tenable in foreign countries as well as in Great Britain, and are payable from the date on which a scholar reports his arrival in the country which he may have selected for the purpose of study.

(*d*) The scholarships are tenable by persons who are natives of India within the meaning of section 6, Statutes 33 and 34 Vic., Cap 3.

(*e*) The scholars, while in England or elsewhere, will be under the supervision and control of the Educational Adviser to Indian students. The conditions under which they will hold the scholarships are given in the "Rules for Indian Government Technical Scholars in England," a copy of which is attached to this notification.

7. It is essential, not only in the interests of the scholars themselves, but also in order to avoid unnecessary extensions of scholarships, that the beginning of the period of the scholar's residence in England should coincide with the opening of the academical session of the institution which they propose to enter. It has accordingly been arranged, in consultation with the Secretary of State, that scholars shall report themselves in England not later than the middle of September. It has also been ascertained that it is of no advantage to them to reach England earlier than this, and that consequently they should not ordinarily leave India before the middle of August.

8. The special attention of candidates is invited to the fact that scholars must depend upon their own exertions when they return to India, and that the Government cannot, and does not, undertake to provide them with employment.

9. All applications for scholarships to be awarded during the year 1912 must reach the Director of Public Instruction on or before the 25th February 1912.

10. Applicants for scholarships must state their birth-place, age and father's name and occupation and file certificates as to (1) moral character and antecedents, (2) educational qualifications, (3) knowledge of the language of the country in which the scholarship is to be held, and (4) physical fitness. Candidates must name the country to which they propose to proceed and the course of studies which they propose to take up while in receipt of scholarships. They should also state whether they have had any actual experience of the industry or industries for which the scholarships are offered.

11. If more than one duly qualified candidate is available, endeavour will be made to reserve one nomination for a Hindi-speaking candidate. If, however, no such candidate is forthcoming, some other qualified candidate who may apply will be recommended.

RULES FOR INDIAN GOVERNMENT TECHNICAL SCHOLARS IN ENGLAND.

1. The Secretary of State considers it desirable that all Government scholars should avail themselves of the information and advice which the Educational Adviser to Indian students is in a position to give them, and these rules are framed with that end in view. Government scholars, equally with private students, may consult the Educational Adviser upon any question, and will receive from him all possible assistance, and the Secretary of State hopes that they will communicate with the Educational Adviser, not only on the occasions when they are directed so to do in these rules, but also in any circumstances of difficulty and whenever they desire advice or information. Scholars will be regarded as being under the supervision and charge of the Educational Adviser, to whom they should in all cases address any communication they may have to make, and to whom also all reports or other communications having reference to scholars should be sent. The Educational Adviser will bring to the notice of the Secretary of State on behalf of any scholar any question requiring his decision, and will communicate to the scholar the orders passed by the Secretary of State.

2 Every scholar should, on reaching England, at once call on the Educational Adviser* and report his arrival in writing. He should leave his address with the Educational Adviser and intimate to him from time to time all changes therein.

3. Every scholar should, without unnecessary delay, inform the Educational Adviser to which University, College, or other Institution he is about to proceed, and should at once take steps to enter himself at the Institution finally selected with his approval.

4 Every scholar must, within four weeks of reaching England, submit to the Educational Adviser, for the approval of the Secretary of State, a statement showing the general course of study he proposes to follow to carry out the objects of the scholarship granted to him; and he should, during his first College term, submit a further statement showing as accurately as possible the details of the total cost of such course of study. This latter statement should in every case be prepared in consultation with the Principal of the College or Institution at which the student is entered.

The course approved must not be changed without the sanction of the Secretary of State.

5. Every scholar must give a written undertaking that he will devote himself exclusively, during the tenure of his scholarship, to the study of the subject for which his scholarship was granted, and that he will return to India on its termination, and there continue to devote himself to the industry which he has studied. Any scholar who neglects his studies, or tries to work for any other profession concurrently, will render himself liable to forfeiture of his scholarship.

6. Every scholar will be required to keep a concise daily diary, to be certified by the authority under whom he is working, and to be submitted at the end of each term through that authority to the Educational Adviser and to the Secretary of State for transmission to India He must also submit, in the same way, from time to time, full notes of the work on which he is employed.

7. Scholars will be expected to continue their studies during the summer vacations of the Institutions where they are working, with the exception of three weeks in each year. Vacation study should, when possible, take the form of practical work.

8. Applications giving a detailed programme of the vacation work the scholar proposes to do, accompanied with a complete estimate of any extra expenses for fees and travelling, must be sent in through the Principal of the Institution or the Professor under whom the scholar is working before the end of the month of April. Scholars are not entitled to any subsistence allowance in addition to the scholarship allowance during time spent on vacation work, but a scholar who receives permission to visit the continent may, if the Secretary of State for India in Council considers that the circumstances render it desirable, be granted a subsistence allowance calculated at such rate as the Secretary of State may decide.

9. Every scholar must, at the end of each term of residence at a University or College, submit to the Educational Adviser a certificate from the proper University or College authority, showing that his residence, conduct, and progress in study have been satisfactory during the term.

10. Every scholar must at all times obey such instructions as he may receive from the Secretary of State, either directly or through the Educational Adviser.

11. Subject to a due compliance with the above conditions, the allowance, at the rate of 150*l.* a year for two years, or three years if so determined, will be paid quarterly, in advance, by the India Office, commencing from the date of the scholar's reporting his arrival in England. The first payment will be 37*l.* 10*s.* Three months after the date of reporting arrival the amount of the ensuing official quarter day will be paid. Subsequent payments will be made in advance, on or after each official quarter day. The allowance will be reduced by the amount of any other sum which may become payable to him out of the revenues of India in respect of residence at a University College, or Institution during the same period or any part of it, but not in respect of University or College fees, the cost of which will be separately defrayed by the Secretary of State. Fees for private tuition are not defrayed by the Secretary of State unless previously sanctioned by him

The necessary travelling expenses of scholars, by second class, or by third class if no second class be available, will also be separately defrayed by the Secretary of State; these should be claimed on forms obtainable from the Educational Adviser.

Deposits and other charges which are part of the regular fees exacted by the authorities of the educational establishment in which a scholar is working will be paid by the Secretary of State; but charges for books, instruments, hotel bills, and medical attendance must be paid by the scholar himself (any refund of a deposit must be repaid to the Secretary of State).

12. No claim can be admitted for the payment or refund of any expenditure unless the scholar has obtained the *previous* sanction of the Secretary of State for India to such expenditure. (This does not apply to necessary travelling expenses referred to above.)

13. Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to complete the required term of residence in England according to the terms and conditions approved by the Secretary of State under rule 4, or who is guilty of misconduct or disregard of the instructions of the Secretary of State. If a scholarship be forfeited, or if it be resigned before completion of its term, the scholar will lose his claim to a free return passage to India, and will further become liable to refund the cost of his free passage to England.

* The Educational Adviser's office is at 21, Cromwell Road, South Kensington, S. W.

3. (*a*) Government reserves to itself the right to alter the quantity and class of opium to be offered for sale in each month. No reduction in the quantities to be sold, however, will be made without three months' previous notice.

(*b*) The chests sold for China will be marked in a distinguishing manner and covered by a special permit to be granted by Government.

(*c*) All chests of certified opium sold for export to China must be shipped from Calcutta, on or before the 15th of December 1912, and if they are not so shipped, the option will be cancelled, and permits for their export to China will not be given either in 1912 or at any future time.

The following are the conditions of sale. The Board of Revenue reserves to itself the right of altering all or any of these conditions after giving three months' previous notice :—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this office by Bank of Bengal receipts, or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re sale shall be forfeited to Government.

DEPOSIT.
When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest
And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and, in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the

name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained ; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether fifteen lots, provided always that there remain a sufficient number of lots of the opium to complete the said fifteen.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the office of the Board of Revenue : —

No. 1 – Certificate of the opium advertised for sale;
No. 2—Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1910-11, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

W. A. MARR,
Secretary.

BYE-LAWS FOR DISTRICT BOARD, HOWRAH, UNDER SECTIONS 139 AND 140 OF THE BENGAL LOCAL SELF-GOVERNMENT ACT OF 1885 (BEN. ACT III OF 1885).

Definitions.

1. In these bye-laws, unless there is anything repugnant in the subject or context,— Definitions.

I of 1871. (*1*) the word "cattle" has the same meaning as in the Cattle-trespass Act, 1871;

Bengal Act III of 1885. (*2*) "reserved tank or well" means a tank or well which the District Board has set apart under section 90 of the Bengal Local Self-Government Act of 1885, by public notice, for the supply of water for drinking and for culinary purposes, and includes any reservoir, or part of any river, *khal* or other channel so set apart; and a notice-board on the edge of a reserved tank or well, containing the words "reserved tank" or "reserved well," or words to that effect, shall be deemed to be sufficient notice for the purpose of this definition; and

(*3*) the "slopes" of a reserved tank or well include all places from which water can flow directly into such tank or well; and

(*4*) "road" means a road vested in, or under the control and administration of, the District Board or a Local Board or Union Committee; and includes—

(*a*) a village road;

(*b*) the slope, berm, borrow-pits and side-drains of a road; and

(*c*) all land vested in, or under the control and administration of, the District Board or a Local Board, or Union Committee and attached to a road.

Roads, Drains, Bridges, Canals and Embankments.

Encroachment or obstruction on a road. 2. (*1*) No person shall encroach on any part of a road by cultivating crops thereon.

(*2*) No person shall, on any road, by means of any building, fence, pit, embankment or ditch, or any other obstruction, or by means of any cut, drain or water-course intended for the purpose of drainage or irrigation, or by exposing thereon any goods for sale or by placing thereon any substance or material,—

(*a*) Without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or Union Committee or the District Engineer, make or cause any encroachment, or

(*b*) obstruct traffic, or

(*c*) cause any inconvenience to passengers, or

(*d*) hinder or impede the flow of water.

Sale, collecting or gathering of articles in vicinity of road.

3. No person shall expose or place any article for sale in any bazaar or market in the vicinity of any road, or collect or gather any articles in the vicinity of a road so as to interfere with the traffic of the road.

Cutting of plants, trees or hedges obstructing road or drain.

4. Any person in possession of, or having control over, any plants, trees or hedges which obstruct, overhang or overshadow any road, or any public drain or sluice, or any drain which is connected with a public drain, shall, if so required by notice in writing, signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or Union Committee or by the District Engineer, cut down, prune or trim such plants, trees or hedges within the period, and in the manner, prescribed in such notice.

Damage to bridges, culverts or causeways on road.

5. (*1*) No person shall destroy or damage or cause to be destroyed or damaged, any bridge, culvert or causeway built on or across any road.

(*2*) No person shall erect any fence or other object on, or before or close to the opening of, any such bridge, culvert or causeway, for the purpose of fishing or for any other purpose, so as to impede the free flow of water thereunder, or so as to cause damage thereto.

(*3*) No person shall cast nets for fishing purposes from any parapet of any such bridge or culvert.

6. No person shall—

Damage to fences, posts, soil, turf or grass on road.

(*a*) destroy or damage, or cause to be destroyed or damaged, any fence or post erected on any road; or

(*b*) dig, scrape, uproot or remove any soil, turf or grass from any part of a road.

Channel across road.

7. (*1*) No person shall cut a channel, or convey water by a channel, across a road, except with the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or Union Committee or the District Engineer, and in such manner as he may prescribe.

(*2*) Any person who has been permitted by the Chairman or Vice-Chairman of the District Board or a Local Board, or Union Committee or by the District Engineer, to cut a channel across a road, shall, at the time prescribed by him, cover or refill the channel so as to restore the road to its former condition.

(*3*) Any person who has a prescriptive right to keep a channel open for carrying water across a road shall keep the channel in proper order, so as to prevent danger or inconvenience to the public.

Obstruction of waterway adjoining road.

8. No person shall obstruct any waterway adjoining a road, so as to injure or tend to injure the road or otherwise to render the road impassable.

Excavations on or near road.

9. (*1*) No person shall make any excavation on any road or any hole, pit, tank or well within fifteen feet of any road, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or Union Committee or the District Engineer.

(*2*) Every person by whom, or by whose direction, any hole, pit, tank or well has been excavated within fifteen feet of a road shall be bound to take such order therewith as will prevent damage to, or erosion of, the road.

Protection of excavations on or near road.

10. The owner or occupier of any tank, well or other excavation on or near the side of any road shall be bound to fence in or duly protect such excavation in such manner as may be directed by notice signed by the Chairman or Vice-Chairman of the District Board or a Local Board or Union Committee.

Use of roads, bridges, culverts or canals while closed to traffic.

11. No person shall pass over, or drive any animal or vehicle over, any road, bridge, culvert or canal, so as to injure the same while it is under construction or repair, or is affected by flood, or is otherwise rendered unfit for traffic and is closed to traffic under the orders of the Chairman of the District Board or a Local Board, or Union Committee or (in emergent cases, pending application to such Chairman) of the District Engineer.

Discharge of rainfall from roof to road.

12. No person shall, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, Union Committee or the District Engineer, allow the rainfall from the roof of any building owned or occupied by him to be discharged upon any road by means of a spout or other thing intended for the conveyance of water.

Flow of filth on to road.

13. No person shall allow the water of any privy or any matter offensive or deleterious to health to flow on any road.

Removal of trees or erections falling on to road.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

FINAL FORECAST OF THE LATE VARIETY OF THE SESAMUM CROP OF BENGAL FOR THE YEAR 1911.

[On an average of the five years ending 1909-10, the area under *til* in the territory to which this forecast relates represents about 4·8 per cent. of the total area under this crop in British India.]

Character of the season.—The late variety of *til* or sesamum is cultivated chiefly in Sambalpur, where it covers more than one-third of the total area under the crop in the Province. It is also important in Chota Nagpur and in Midnapore, Champaran, Bhagalpur, the Santhal Parganas and Angul. The weather conditions, though favourable in the beginning, were somewhat unfavourable in the latter part of the season in some of the important sesamum-growing districts. In the most important district of Sambalpur the

outturn was affected by the failure of rain in October, while excessive rain in September and October did some damage in parts of Patna, Shahabad, Saran, Champaran and the Sonthal Parganas.

Area sown.—The total area sown this year is estimated at 211,500 acres against 200,800 acres sown last year. The normal area is 249,400 acres.

Outturn.—According to the estimates of the District Officers, the outturn of the crop for the whole Province works out to 93 per cent. of the normal. In some districts the estimates appear to be too low, and the crop will probably not fall short of the normal, viz., 100 per cent.

Taking $4\frac{1}{4}$ maunds as the normal outturn of the crop per acre, the gross yield for the Province will be 33,000 tons against 34,500 tons last year.

The area under the early variety of the *til* crop is 35,700 acres this year, and the estimated outturn 85 per cent. of the normal. The yield of this variety works out to 4,700 tons against 5,200 tons last year.

The total outturn of the sesamum crop (both early and late) in Bengal, therefore, is estimated at 37,700 tons this year against 39,700 tons last year.

Director of Agriculture, Bengal.

No. 188.—The 15th January 1912.—The following is published for general information.

J. H. KERR,
Secy. to the Govt. of Bengal.

No. 2881—42.

Extract (paragraphs 1 and 2) from the proceedings of the Government of India in the Home Department (Public), under date Calcutta, the 8th December 1899.

RESOLUTION.

THE Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject, and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency town, the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, as the case may be.

(*a*) New works, including as such sluices or escapes for existing embankments.

(*b*) Alterations in the alignment of existing embankments, such as are caused by important retirements. This will include the discussion of the policy of holding a threatened bank by protective works in preference to the retirement of the embankment.

(*c*) Proposals for raising the level of the crest of an embankment.

(*d*) All questions in which there is any doubt as to the interpretation to be given to the provisions of the Embankment Act or of contracts for the maintenance of embankments.

II.—Any proposal which may be suggested for a minor irrigation work.

III.—Any scheme which may be proposed for improvement in drainage.

IV.—Questions relating to waterways in railroads in the Champaran district.

V.—Any matter referred by Government for opinion.

Meetings of the Committee will be convened by the Commissioner whenever required. They may be held where most convenient to the members generally. In the absence of the Commissioner the Collector of the district as Vice-President will preside. The proceedings will be recorded in the Collector's office, and copies of proceedings will be sent to Government by the Commissioner.

This notification is in supersession of Bengal Government Resolution Nos. 875-922*I.*, dated 3rd July 1906, so far only as the Champaran district is concerned.

EXPLOSIVES.

The 13th January 1912.

No. 370-39.—I. In supersession of the Notification in this Department No. 4197-26, dated the 1st June 1906, and in exercise of the powers conferred by Section 17 of the Indian Explosives Act, 1884 (IV of 1884), the Governor General in Council is pleased hereby to declare that acetylene when liquid or when subject to a pressure greater than $1\frac{1}{10}$ atmospheres shall be deemed to be an explosive within the meaning of the said Act:

Provided that, subject to the conditions hereinafter specified, acetylene, when in admixture with oil-gas, shall not be deemed to be an explosive within the meaning of the said Act, when under compression —

(1) The acetylene shall be generated only by the Atkins Dry Process.

(2) The proportion of acetylene shall not exceed fifty parts by volume in every one hundred parts of the mixture of acetylene and oil-gas.

(3) The acetylene and oil-gas shall be mixed together in a chamber or vessel before the gases are subjected to compression.

(4) The mixture shall not be compressed to a pressure exceeding one hundred and fifty pounds per square inch.

Provided also that, subject to the conditions hereinafter specified, acetylene, when compressed into porous substances, with or without acetone, shall not be deemed to be an explosive within the meaning of the said Act—

(1) The porous substance shall fill, as completely as possible, the cylinder or other vessel into which the acetylene is compressed.

(2) The porosity of the substance shall not exceed eighty per cent.

(3) Due precaution shall be taken to exclude air from every part of the apparatus before the acetylene is compressed.

(4) Due precaution shall be taken to prevent undue rise of temperature in compressing the acetylene.

(5) The pressure shall not exceed one hundred and fifty pounds to the square inch.

(6) Every cylinder or other vessel into which acetylene is to be compressed shall be tested by hydraulic pressure of not less than double the pressure to which the vessel is to be submitted in use, such hydraulic pressure being maintained for a period of not less than ten minutes.

(7) The compression pump shall be surrounded by rope mantlets and no reservoir shall be used during compression unless it is also filled with the porous substance.

(8) In the case where acetone is used for absorbing the acetylene, due precaution shall be taken that the quantity of acetone is such that when fully charged with acetylene it does not completely fill the porosity of the porous substance.

(9) The compression of acetylene shall be carried out only on such premises as shall have been approved by an Inspector of Explosives.

(10) Every cylinder or other vessel in which acetylene has been compressed in virtue of this Notification shall be legibly marked with the words—

"Acetylene compressed into porous substance exempted by Government of India, Department of Commerce and Industry, Notification No. 370-39, dated the 13th January 1912"

together with the name of the firm by whom the vessel has been charged.

(11) Every facility shall be given to the Inspectors of Explosives to inspect the apparatus and methods by which the cylinders or other vessels are charged in virtue of this Notification.

II. In supersession of the Notification of the Government of India in the Home Department, No. 2289, dated the 31st August 1900, and in exercise of the powers conferred by Section 6 of the Indian Explosives Act, 1884 (IV of 1884), the Governor General in Council is pleased to prohibit absolutely the manufacture, possession and importation of such acetylene as is declared by paragraph I of this Notification to be an explosive.

No. 391-39.—In supersession of paragraph IV of this Department Notification No. 2933-24, dated the 23rd April 1909, and in exercise of the powers conferred by Section 17 of the Indian Explosives Act, 1884 (IV of 1884), as applied to Berar by Government of India, Foreign Department, Notification No. 4742-1, dated the 4th November 1887, the Governor General in Council is pleased hereby to declare that acetylene when liquid

or when subject to a pressure greater than $1\frac{1}{10}$ atmospheres shall be deemed to be an explosive within the meaning of the said Act :

Provided that, subject to the conditions hereinafter specified, acetylene, when in admixture with oil-gas, shall not be deemed to be an explosive within the meaning of the said Act, when under compression.

(1) The acetylene shall be generated only by the Atkins Dry Process.

(2) The proportion of acetylene shall not exceed fifty parts by volume in every one hundred parts of the mixture of acetylene and oil-gas

(3) The acetylene and oil-gas shall be mixed together in a chamber or vessel before the gasses are subjected to compression.

(4) The mixture shall not be compressed to a pressure exceeding one hundred and fifty pounds per square inch.

Provided also that, subject to the conditions hereinafter specified, acetylene, when compressed into porous substances, with or without acetone, shall not be deemed to be an explosive within the meaning of the said Act—

(1) The porous substance shall fill, as completely as possible, the cylinder or other vessel into which the acetylene is compressed.

(2) The porosity of the substance shall not exceed eighty per cent.

(3) Due precaution shall be taken to exclude air from every part of the apparatus before the acetylene is compressed.

(4) Due precaution shall be taken to prevent undue rise of temperature in compressing the acetylene.

(5) The pressure shall not exceed one hundred and fifty pounds to the square inch.

(6) Every cylinder or other vessel into which acetylene is to be compressed shall be tested by hydraulic pressure of not less than double the pressure to which the vessel is to be submitted in use, such hydraulic pressure being maintained for a period of not less than ten minutes.

(7) The compression pump shall be surrounded by rope mantlets and no reservoir shall be used during compression unless it is also filled with the porous substance.

No. 67M.—The 13th January 1912.—In exercise of the power conferred by clause (2) of section 241 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), the Lieutenant-Governor in Council is pleased to sanction the following rules which have been framed by the Commissioners of the Bhagalpur Municipality, under clause (1) of that section and clause (2) of section 237 of the Act.

Bhagalpur.

H. WHEELER,
Secy. to the Govt. of Bengal.

Rules made under sections 237 (2) and 241 of the Bengal Municipal Act, 1884, for the Bhagalpur Municipality.

The following rules apply to houses not being huts. Huts as such are governed by sections 243 and 244 of the Act.

2. Any powers of the Chairman under these rules can be delegated by him to the Vice-Chairman.

3. No permission to build a house, public or private, shall be granted unless the site is found to be dry and well drained or to be capable of being dried and well-drained, in which latter case instructions should be furnished to the applicant as to what improvements are necessary before permission can be granted.

4. (1) If a house is situated at the side of a road it shall not be higher than the distance from the base of the house to the opposite side of the road.

Explanation.—If the house or one or more of its storeys be set back the height of the house may be increased as much as the basement of the portion set back is distant from the nearest edge of the wall nearest the road:

Provided that when a road or lane is less than 20 feet wide the height may not exceed 1½ of the width of the said road or lane.

(2) If a house is situated on a corner plot the height of the house shall be regulated by the wider of the intersecting streets.

(3) The level of the ground-floor or lowest floor of every house erected or re-erected shall be at least on the level of lowest road on which it abuts; and shall be at least 2 feet above the level of the highest drain which serves it.

5 The applications which are filed for entrance culverts must contain the following particulars:—

(*i*) Length.
(*ii*) Breadth beyond drain.
(*iii*) Ventage with span and height asked for.

6. (*a*) Every shop or godown is entitled to have one entrance of 3 feet:

Provided that if the frontage of the shop or godown exceeds 18 feet then the entrance allowed may not exceed one sixth of the entire frontage unless in special cases the Chairman deems it to allow more.

(*b*) No entrance for wheel traffic shall ordinarily be allowed to be less than 12 feet and more than 20 feet.

7. No balcony or verandah shall be erected in any road which is less than 25 feet in width and such balcony and verandah must be supported to the satisfaction of the Chairman.

8. The total area covered by all the house (including verandahs erected or re-erected on any site used for dwelling-house) shall not exceed two-thirds of the total area of the site unless the total area of the site be less than 3,000 square feet:

Provided that this rule does not apply in cases in which there is a public road or square to the rear of the house:

Provided also that in calculating the area covered by the house, the courtyard or *angna* as much of it as is open to the sky shall not be included.

In any street in which continuous building is allowed, the distance between the building line and the street alignment shall not be less than six feet.

["Building line" means a line (in rear of the street alignment) up to which the main wall of a building abutting on a street may lawfully extend].

Subject to the approval of the Chairman an open verandah may be erected upon the space between such line and alignment.

9. The height of the room on the basement floor shall not be less than nine feet.

10. Water-spouts should be so arranged as to discharge water on land belonging to the proprietor of the house to which the water-spout is attached and from thence connect with the municipal drain.

11. Every notice under section 237 of the Bengal Municipal Act for the erection or re-erection of a house must be made in writing on a printed form (to be obtained from the Municipal office) and must contain the following information:—

(*a*) The position of the site;
(*b*) The circle and number of the site assigned to it in the Assessment Book;

(*c*) A plan of the site in duplicate drawn to scale of not less than 50 feet to an inch, shewing its boundaries, position in relation to neighbouring roads and houses, and the position on the site of the proposed building;

(*d*) Drawing on a scale of not less than 8 feet to an inch, shewing a ground plan, two sections and an elevation of the proposed building. On this drawing must also be shewn all proposed drains, privies and cess-pools, urinals, stables, cattle-sheds, cow-houses, the position, form and dimensions of all wells, kitchens and other appurtenances of the building and the inclinations of such drains;

(*e*) Purpose for which the building is intended;

(*f*) The notice and all drawings and plans must be signed by the applicant;

(*g*) The position, form, dimensions and ventilations of privies, urinals, drains, compounds, stables, cattle-sheds, cow-houses, wells, kitchens, and other appurtenances of the building, and the inclinations of such drains;

(*h*) Free passage or way in front of the building.

13. If the proposed house is not to be a brick-built one, it shall not comprise more than two storeys nor shall it exceed 18 feet in height measured from the top of the plinth to the junction of the eaves and walls.

24-Parganas.

No. 73M.—The 15th January 1912.—In exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), the Lieutenant-Governor in Council makes the following rules subject to which the Commissioners of the South Suburban Municipality may allow communication-pipes to be laid down from the service-pipes of the Commissioners for the purpose of leading water to private houses within the Municipality for domestic purposes only:—

Rules.

1. So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow any owner or occupier of a masonry building paying a water-rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such building when such annual value is not *less than Rs 10*, to lay down communication-pipes from the service-pipes of the Commissioners for the purpose of leading water to such building for domestic purposes only, subject to the following rules and conditions.

2. The owner or occupier of any masonry building requiring water to be laid on to such building for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied free of cost at the Municipal office.

3 *A fee of Rs. 100* must be paid to the Commissioners by such owner or occupier for each building connection before any work is commenced; such fee to be in addition to all other costs and charges imposed under these rules.

4. Each building must have a separate connection, and extensions from the communication-pipe of one building to another shall not be permitted.

5. The owner or occupier of the building in respect of which the connection is required must pay the entire cost of the connection, including the supply and fixing of the fittings referred to in rule 7, and must also pay the cost of such alterations in, or repairs to, roads, drains, sewers, gas or water-mains or pipes, and the cost of such other works as may be necessitated by, or result from, the work of making such connection.

6. (1) The work required may, at the option of the Commissioners, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the building in respect of which the work is required, or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners.

(2) The work must be done under the supervision of an officer appointed by the Commissioners in this behalf, and no connection must be made with the municipal water-main except at such time as it may be appointed, and in such position as may be selected, by an authorised Municipal officer

7. A building connection shall comprise the following parts or fittings:—

(*a*) a brass or gun-metal ferrule inserted in the main supply-pipe;
(*b*) a galvanised iron communication-pipe from the ferrule to the meter;
(*c*) a stop-cock and its surface box;
(*d*) a meter;
(*e*) service pipes from the stop-cock to the taps; and
(*f*) taps.

8. (1) All the fittings referred to in rule 7 shall be exact duplicates of standard samples kept in the office of the Commissioners, and approved by them in meeting.

(2) All fittings shall be inspected and tested and stamped by an officer of the municipality before being fixed.

(3) If any owner or occupier shall desire to adopt any fitting of a pattern different from the standard patterns, he must present such fitting for the approval of the Chairman, and

any fittings so presented may, if considered satisfactory by the Chairman, be stamped, and samples thereof may be purchased and placed among the standard fittings.

9. The size of the ferrule referred to in clause (*a*) of rule 7 shall be decided by the Commissioners, but its diameter shall not differ from that of the communication-pipe referred to in clause (*b*) of that rule by more than ¼ inch.

10. (1) The diameter of the communication-pipe shall be determined with regard to the average pressure in the main supply-pipe at the point nearest the building for which a connection is required, and to the quantity of water to be supplied.

(2) The diameter of the communication-pipe shall be such that it will be capable of delivering the estimated daily supply in six hours.

(3) The building connection, when fitted in position, must be capable of standing a pressure of 20 feet, and no water shall be supplied until this test has been applied by the Commissioners.

11. (1) On every communication-pipe a brass or gun-metal stop-cock having the same waterway as such pipe shall be placed as near as practicable to the point where that pipe enters the building to be supplied.

(2) The stop-cock shall be built in a brick chamber provided with a cast-iron surface cover-box so designed that it can be locked, and the key of this box shall remain under the control of the Chairman.

(3) The stop-cock shall be capable of adjustment so that the supply to the building may be regulated thereby.

12. (1) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(2) The meter must be fixed in a brick chamber covered over with a cast-iron surface-box of approved pattern.

(3) Subject to the provisions of rule 13, no meter must be touched or interfered with in any way except with the permission of the Chairman.

13. The Commissioners shall depute an authorized person to read every meter not less than once a quarter, and shall give notice to the occupier at least 24 hours before the reading is recorded.

14. (1) Every owner or occupier of any building in respect of which a connection has been made under these rules shall be entitled to a supply of 3,000 gallons of water per quarter for each rupee paid by him quarterly as water-rate in respect of such building.

(2) For all water in excess of the 3,000 gallons allowed under sub-rule (1), such owner or occupier shall be charged quarterly as follows:—

	Annas per 1,000 gallons. Rs. A.
(*a*) For any excess quantity of water not exceeding 1,500 gallons ..	0 5
(*b*) For any excess quantity of water exceeding 1,500 gallons, but not exceeding 3,000 gallons	0 8
(*c*) For any excess quantity of water exceeding 3,000 gallons, but not exceeding 6,000 gallons	0 12
(*d*) For any excess quantity of water exceeding 6,000 gallons ...	1 0

15. If the owner or occupier of any building which is supplied with water under these rules shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of fourteen days after he has been served with a notice of demand for the same, the Commissioners may, at any time after the expiration of that period, and without further notice, disconnect any pipe forming part of the connection made in respect of such building, and may recover the cost of disconnecting such pipe from such owner or occupier:

Provided that the disconnection of such pipe shall not relieve any person from any liabilities which he may have incurred under these rules.

16. (1) Every tap shall be of the same size as the pipe to which it is attached and shall be of brass and of the pattern known as screw-down. Every tap shall be at least three feet above the road level.

(2) The number of taps in a building shall be fixed in accordance with the annual valuation of such building as follows:—

	Annual valuation of building. Rs. Rs.	Number of taps.
Under	300	1
From	300 to 499	2
"	500 to 1,500	3
Above	1,500	4

NOTIFICATION.

STATE SCHOLARSHIPS TENABLE IN ENGLAND BY EUROPEANS AND EURASIANS EDUCATED IN INDIA.

No. 773—The 16th January 1912.—In the year 1907 His Majesty's Secretary of State for India sanctioned the institution of one scholarship of £200 per annum tenable at a European University to be awarded in each year to a member of the domiciled European and Eurasian community in India on the understanding that candidates belonging to this community should no longer be regarded as eligible for the two University State Scholarships at present granted to natives of India. *For the scholarship to be awarded in the year 1912 applications are now invited.*

2. The scholarship will entitle the holder to an allowance not exceeding £200 per annum payable from the date of his arrival in England and will be tenable for three or four years, as circumstances may require, at any University in the United Kingdom or, with the special sanction of the Government of India, at a foreign University. The candidate to whom the scholarship is awarded will be required to proceed to England within a reasonable period from the date of his selection, and to reside there for a period of three or four years, as the case may be, unless compelled to return sooner by ill-health. He will be provided with a free second class passage to England, and also with a free return passage if he completes the full period of residence or is compelled by sickness to return within that period.

3. The two main principles which govern the grant of the scholarship are—

(i) that as the object in view is to assist a domiciled European or Eurasian to go through a University course in England the scholarship will ordinarily be awarded to a young man at the close of his school career in India so that he may join the University at practically the same age as boys educated in England: the Government of India place the age limits at 18 to 21, *i.e.*, the candidate must have completed 18 years of age and not have completed 21 years on 31st March of the year in which the scholarship is awarded, and

(ii) the scholarship will be given to the candidate who is most likely to win distinction at the University.

4. The following rules are to be observed in regard to the form in which applications are to be submitted:—

(1) The application should ordinarily be in the handwriting of the applicant. In the exceptional case of his being out of India, the parent or guardian may submit an application.

(2) The application should give full details as to the applicant's age, family circumstances, the schools or colleges which he has attended, his studies, the distinctions he has gained, and the course of study he wishes to follow. Information should also be given as to —

(*a*) the University at which the candidate proposes to study and the reasons for selecting the particular University;

(*b*) the special aptitude, if any, which the candidate has shewn for the kind of study which he proposes to pursue.

(3) The application should be accompanied by a birth certificate, a certificate from a commissioned officer of the Indian Medical Service testifying to the general health of the candidate and certifying that his physique is such that there is good prospect of the University course not being seriously interrupted by ill-health, and testimonials as to character and capacity. If original testimonials are not sent in, certified copies must be submitted. The testimonials should include —

(*a*) A certificate from the Principal of the institution last attended, stating that the applicant is of good moral character and of active habits, and in the event of his having left school or college more than six months before the date of application, a certificate by a person of recognised position well acquainted with him, stating how he has been employed since he left school and certifying to his moral integrity.

(*b*) A certificate from some person of recognised position well acquainted with the candidate and his family, to the effect that he is a native of India within the meaning of Statute 33 Vict., Cap. 3, section 6, and that his parents are not resident in India for temporary purposes only.

5. The Director of Public Instruction will personally interview those applicants whose names he thinks worthy of submission to Government. If a personal interview is impossible (*e.g.*, owing to a candidate being absent from India), the fullest possible information should be given as to the physique and character of the candidate.

6 All applications for the scholarship to be awarded during the year 1912 should be submitted in the first instance to the Inspector of European Schools, Bengal, in time to reach the Director of Public Instruction on or before the 15th February 1912.

7. No application will be considered unless the applicant declares that the conditions of the scholarship as laid down in paragraphs 2 and 8 of this notification are known to him, and that he is prepared to abide by them.

8. The scholar will, on arrival in England, be required to bind himself by a written engagement to submit to the following rules, and to such other regulations as may from time to time be framed by His Majesty's Secretary of State for the guidance of scholars in England:—

(*a*) Every scholar shall, on reching England, at once present himself to the Secretary, Judicial and Public Department, at the India Office, and report his arrival in writing.

(*b*) Every scholar shall, without any unnecessary delay, inform the Secretary of State to which University or College he is about to proceed, and shall at once take steps to enter himself thereat.

(*c*) Every scholar shall, at the end of each term of residence at a University, submit to the Secretary of State a certificate from the proper University or College authority showing that his residence, conduct and progress in study have been satisfactory during the term.

(*d*) Every scholar shall at all times obey such instructions as he may receive from the Secretary of State.

(*e*) Subject to a due compliance with the above conditions, the allowance, at the rate of £200 a year for three years, or four years, if so determined will be paid quarterly, in advance, by the India Office, commencing from the date of the scholar's reporting his arrival in England.

(*f*) Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to complete the required terms of residence at a University or who is guilty of misconduct, persistent idleness, or disregard of the orders of the Secretary of State. If the scholarship be forfeited, the scholar will lose his claim to a free return passage to India and will further become liable to refund the cost of his free passage to England.

(*g*) The scholar will be under the supervision and charge of the Political A.-D.-C. to the Secretary of State, through whom the necessary orders will be given, and to whom all reports and other communications respecting him should be sent.

PART IV.

Bills introduced in the Bengal Legislative Council, Reports of Select Committees presented to that Council, and Bills published under Rule 34.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

THE following Bill was introduced in the Bengal Legislative Council on the 9th January, 1912, and is hereby published for information, together with a Statement of Objects and Reasons :—

THE CALCUTTA PORT (AMENDMENT) BILL, 1912.

A

BILL

further to amend the Calcutta Port Act, 1890.

Ben. Act III of 1890.

WHEREAS it is expedient further to amend the Calcutta Port Act, 1890, in the manner hereinafter appearing ;

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Calcutta Port (Amendment) Act, 1912.

Amendment of Bengal Act III of 1890, sections 49 and 50.

2. For sections 49 and 50 of the Calcutta Port Act, 1890, the following shall be substituted, namely :—

"49. The Commissioners in meeting may sanction works and enter into contracts for their execution :

Power of Commissioners in meeting to sanction works and make contracts for their execution.

Provided that no new work the estimated cost of which exceeds two thousand rupees shall be commenced until a plan and estimate have been approved by the Commissioners in meeting"

"50. Notwithstanding anything contained in section 49, the Vice-Chairman may direct the execution of any work the cost of which does not exceed one thousand rupees, and may enter into contracts for the execution of such works."

Powers of Vice-Chairman as to execution of works.

Amendment of section 73.

3. For section 73 of the said Act the following shall be substituted, namely:—

"73. Save in cases of pressing emergency, no sum chargeable against income and exceeding five thousand rupees shall be expended, by or on behalf of the Commissioners, unless it be covered by an estimate sanctioned under this Part and finally approved by the Local Government and in force at the time."

Adherence to estimate.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to amend sections 49, 50 and 73 of the Calcutta Port Act, 1890.

2. The proviso to section 49 of that Act declares in effect that the Vice-Chairman may not exercise his power of having work done up to a limit of Rs. 1,000 unless the work is covered by the budget. This restriction is not required in the case of expenditure debitable to the capital account, and in the case of expenditure debitable to the revenue account it is in conflict with section 73, which fixes Rs. 5,000 as the limit of expenditure which may be incurred without specific budget provision. It is accordingly proposed to repeal the proviso in question.

3. Section 49 is also in conflict with section 50, which confers on the Commissioners in meeting the power of having work done, without making any saving of the power conferred on the Vice-Chairman by section 49.

4. The proviso to section 50, which declares that works shall not be commenced until a plan and estimate have been approved by the Commissioners in meeting, is required only in the case of works the cost of which is debitable to the capital account. It is not needed for works the cost of which is debitable to the revenue account, since these are works of repair and maintenance only. It is accordingly proposed to limit the application of the proviso to new works.

5. The Bill re-enacts sections 49 and 50, excluding the proviso to section 49, substituting "new work" for "work" in the proviso to section 50, and making verbal changes in both sections.

6. Section 73 of the Act is not applicable to expenditure chargeable to the capital account, since such expenditure is not included in the budget prepared under Part V of Chapter IV. It is proposed to re-enact the section, with an express declaration that it is limited to expenditure chargeable against income.

QUESTIONS AND ANSWERS.

INCREMENT OF PAY OF CLERKS ATTACHED TO THE OFFICES OF THE SUPERINTENDING AND EXECUTIVE ENGINEERS, PUBLIC WORKS DEPARTMENT.

The Hon'ble BABU BAL KRISHNA SAHAY asked:—

(*a*) Has the attention of Government been drawn to a paragraph published in the *Bengalee* of Calcutta, dated 29th June, 1911, headed "An appeal to His Honour," regarding the question of increment of pay and prospects of the clerks attached to the offices of the Superintending and Executive Engineers under the Public Works Department?

(*b*) Will the Government be pleased to state whether there is any proposal under consideration for any increment of pay to those clerks?

The Hon'ble MR. FINNIMORE replied:—

(*a*) The letter referred to appeared in the *Bengalee* of July 29th, 1911, and not in the issue of June 29th.

It was noticed by Government.

(*b*) In March last a Committee was appointed to consider the question of the pay and grading of the clerks and draftsmen in the Public Works Department offices in Bengal. The report of that Committee has been received and is now under the consideration of Government.

THE ORISSA TENANCY BILL, 1911.

The Hon'ble Mr. H. McPherson moved that the Bill to amend and consolidate certain enactments relating to the law of landlord and tenant in the districts of Cuttack, Puri and Balasore, in the Orissa Division, be referred to a Select Committee consisting of the Hon'ble Mr. Slacke, the Hon'ble Mr. Chapman, the Hon'ble Mr. Kerr, the Hon'ble Mr. Maddox, the Hon'ble Mr. Cumming, the Hon'ble Sir Bijay Chand Mahtab, Maharajadhiraja Bahadur of Burdwan, the Hon'ble Mr. Das, the Hon'ble Raja Rajendra Narayan Bhanja Deo, the Hon'ble Maulvi Saiyid Zahir-ud-din, the Hon'ble Babu Janaki Nath Bose, the Hon'ble Babu Hrishikesh Laha and the Mover, with instructions to report after one month.

He said:—

"With your leave, Sir, I beg to move that the Orissa Tenancy Bill be referred to a Select Committee with instructions to report after one month.

"An account of the history of the Bill and of the purposes which it is designed to serve will be found in the Statement of Objects and Reasons annexed to the Bill, but I should like to take this opportunity of explaining briefly the principal features of this important measure, and the circumstances which attended its birth, to those Members of the Council who are not acquainted with the agrarian conditions of Orissa or are not conversant with tenancy legislation and have not yet had time to make a study of the printed statement. Before applying myself to the task, I would ask Hon'ble Members to extend their indulgence to me, as I am one of the latest recruits to the Council and have had no opportunity of familiarising myself with its procedure, before placing before it a subject of such magnitude and difficulty as a

complete Code of Tenancy Law must always be. From this point of view, it is to me a cause of congratulation that the Bill is not likely to be a contentious one. There may be differences of opinion regarding the details of its provisions, but, on the whole, the main principles of the Bill are likely to commend themselves to all sections of the community as they are conceived in the common interest of all.

"It was my intention from the first to explain why this measure, which will affect no portion of re-united Bengal but will be limited in its application to an integral portion of the new province of Bihar, Orissa and Chota Nagpur should be placed before the present Council and not deferred till it can be dealt with by the legislature of the new province. The explanation has become all the more necessary in view of the motion for postponement of which notice has been given by the Hon'ble Mr. Das. I can assure Hon'ble Members that, in deciding to take up the Bill in the present session, Government has no desire to rush the Council. There is a very simple and natural explanation. The Orissa Tenancy Bill is the fruit of many long years of consideration devoted to the subject by the present Government of Bengal. We have in our midst many who have taken a prominent part in these deliberations. No one, Sir, is better acquainted with Orissa than you yourself are, for you have spent several years of your life in that Division. A reference to the printed papers circulated with the Bill will show how much it owes to the labours of my Hon'ble friend, Mr. Maddox, who moreover enjoys the exceptional advantage of being the officer by whom the last Revenue Settlement of Orissa was made. We have also with us a foremost zamindar of Bengal, my Hon'ble friend, the Maharajdhiraja Bahadur of Burdwan, who owns, in addition to his Bengal estates, important landed interests in Orissa. It will be a considerable misfortune if the Bill should fail to profit by the help and advice of all these and of others on the Council, acquainted with Orissa, whose destinies may not include a seat in the Legislative Chamber of the Western province. Nor can it be represented that Orissa has been taken unawares and had this legislation thrust upon it with undue haste. The opinions of a very representative Committee were consulted in 1909 before the Bill was drafted. Since it was introduced in July last, it has been freely circulated, and a mass of valuable opinion has been collected from local bodies and officers, all of which will be duly considered in Select Committee. Orissa will also be strongly represented on the Select Committee. To postpone the Bill now will merely be to delay for a year or two the completion of a piece of business which is already ripe for disposal. Under these circumstances, it is the Council's duty, I submit, not to leave this Bill as a legacy of trouble to the builders of the new province, but to apply itself earnestly to the task of shaping the Bill, so that it may well form a parting gift from old Bengal.

"I hope that the Hon'ble Mr. Das, whose absence to-day I much regret, will accept this explanation when he is made acquainted with it. I also hope that he and others, who may have been inclined to think with him, will give us their help and co-operation in working out a new agrarian code for Orissa.

"With these remarks by way of preface I will now endeavour to explain the Bill to the Council as briefly as is consistent with the importance of the subject.

"Fifty years ago there was one uniform rent law, Act X of 1859, for the whole of Bengal, with the sole exception of the Sonthal Parganas. Even there, Act X of 1859 was applied by mistake for ten years till it brought the district to the brink of rebellion, and the situation was only saved by the passing of a special Settlement Regulation in 1872. Act X of 1859 was found to be equally ill-suited to the agrarian conditions of the Chota Nagpur Division, and, save in the Manbhum district, it was superseded there for nearly thirty years by Act I of 1879. It is less than four years since the Council had before it he agrarian law of Chota Nagpur, and conferred upon that Division a tomplete code, Bengal Act VI of 1908, which a year later was extended to the pereviously excepted district of Manbhum. Bengal proper, Bihar and Orissa

remained under the governance of Act X of 1859, till 1885, when the Bengal Tenancy Act was passed, and the two former areas received the benefit of a complete and self contained agrarian code. Orissa alone remained subject to the obsolete and inadequate provisions of Act X of 1859, but power had been taken in the Bengal Tenancy Act to extend its provisions in whole or part to the Orissa districts, and as soon as the last Revenue Settlement came on the horizon, it was found necessary to supplement Act X of 1859 by the extension to Orissa of various sections of the Bengal Tenancy Act. An account of the various instalments of extension will be found in paragraphs 2 to 5 of Mr. Maddox's Report, dated the 6th April 1909, of which copies have been placed in the hands of Hon'ble Members. At the close of the Revenue Settlement Mr. Maddox proposed the extension, to Orissa, of a large number of additional sections. The Board of Revenue went further and proposed the extension of the whole Act, but there was a difference of opinion regarding the wisdom of this step, and eventually the question was hung up pending settlement of the policy to be followed in the matter of maintenance of records. Save for the subsequent extension of a few scattered sections, the situation has remained stationary since 1901. Much difficulty has been experienced by the local officers in using the present double-barrelled weapon, composed partly of Act X of 1859 and partly of the Bengal Tenancy Act, and there has been much friction in the adjustment of its mechanism, but it is doubtful whether the trouble would have come to a head as early as it did, had it not been for the maintenance question.

"The Bill indeed may be regarded as one of the chief fruits of the Orissa Revision Settlement which is still in progress but is nearing completion. The revision operations were begun in 1906 under the orders of the Government of India, to pave the way for that continuous maintenance of settlement records which has been the policy of Government in other parts of India, and which, it was thought, might be fittingly extended to the temporarily-settled districts of Orissa, and prove an example for the rest of Bengal to imitate. The operations had not been long in progress before they brought to light numerous disputes and disagreements between landlord and tenant, for which it was difficult, if not impossible, to find a remedy in the agrarian law of Orissa as it now stands. I was one of those who in the beginning thought that a partial, if not complete, solution might be found for these difficulties in the extension, to Orissa, of a further instalment of the Bengal Tenancy Act. It was, however, decided by the Local Government that fuller inquiry was necessary, and Mr. Maddox was accordingly deputed to study the whole subject comprehensively on the spot. The result of Mr. Maddox's labours, which extended over a period of six months and included consultation with the local officers, with the officers of the Revision Settlement and with the non-official representatives of numerous local interests, will be found in his letter of 6th April 1909, to which I have already alluded. The report of Mr. Maddox convinced Government, and must convince everyone who gives the subject his study, that no final solution for the difficulties of Orissa can be found in the extension to it of further instalments of the Bengal Tenancy Act, and that, to place the relations between landlord and tenant in that Division on a stable and satisfactory basis, the enactment of a self-contained agrarian code is a *sine qua non*.

VIII of 1885.

"Surprise may be felt that it should not be possible to find salvation for Orissa in a Tenancy Act which was devised after years of deliberation and has proved sufficient for the great congeries of varying races included within the boundaries of Bengal. The reason is that, although power was taken in the Bengal Tenancy Act to extend its provisions to Orissa, the needs of Bihar and of Lower Bengal were alone considered in framing that enactment. The peculiar conditions of Orissa were not taken into account.

VIII of 1885.

"In the fiscal and agrarian history of Bengal, Orissa occupies a unique place, having features essentially different from those which distinguish the rest of the province. It did not come within the pale of British administration till its conquest from the Mahrattas in 1803, that is, forty years after the Diwani grant which brought Bengal and Bihar within

the boundaries of the Empire. During these forty years and for ten years earlier it had been the prey of Mahratta misrule. For the previous century and a half it was a separate province of the Mogul Empire. Long before the Moguls came, it had evolved its own revenue system under the sway of its indigenous Hindu Rajas. The changes which were grafted on the old Hindu system, first by the Moguls and then by the Mahrattas, produced conditions which were without parallel in Bengal. When Orissa was first taken over by British administrators, it was their intention to extend to Orissa the indulgence of a permanent settlement, as soon as the province had recovered from the effects of Mahratta misrule; but when the time was ripe to carry out this intention, the Court of Directors had begun to realize that permanent settlement was a policy of doubtful expediency, and the settlement that was finally concluded in 1837 was therefore made for a term of thirty years only On account of the great calamity of the Orissa famine in 1866, the settlement was extended for a further period of thirty years and continued in force till it was revised less than 15 years ago by Mr. Maddox Such is briefly the history of the one greatest and most essential difference between Orissa and the rest of Bengal. Bihar and Bengal proper are permanently-settled. Orissa is temporarily-settled. We are not here to-day to discuss the wisdom of the policy which dictated the difference. What we have to recognise is that the difference exists, and that it has profoundly affected the agrarian conditions of Orissa. Temporary settlement necessarily involves closer contact between the administration and the agricultural population than is possible, or at least essential, in a permanently-settled area, and, in the case of Orissa, this is strikingly illustrated by one incident which distinguishes it from the rest of Bengal. I refer to the fact that, since British administration in Orissa began, the trial of rent suits has been retained in the hands of its revenue staff and has not been made over to the ordinary Civil Courts as has been done in the permanently-settled portions of Bengal. It is the existence of this very distinction that has always proved an insurmountable impediment to the extension of the Bengal Tenancy Act *en bloc* to Orissa, for that important portion of the Act which deals with judicial procedure is based on the assumption that rent suits are tried by the Civil Courts, and it has therefore always been impossible, without legislation, to extend to Orissa the procedure portions of the Act.

VIII of 1885.

"It is proposed in the present Bill to adhere to the system whereby rent suits in Orissa are tried by the Revenue Courts. A full discussion of the subject will be found in paragraphs 14 and 15 of Mr. Maddox's Report of 1909. The arguments for retention may briefly be summarized as follows. The people of Orissa are accustomed to, and well satisfied with, the present system. The trial of their rent suits is attended with less expense and less delay than ordinarily occur in the Civil Courts. As Orissa is fully provided with a settlement record, the issues in rent suits are exceedingly simple and do not require for their trial any profound knowledge of civil law. Revenue officers have also the advantage that they are more familiar with the form and contents of settlement records than Civil Courts usually are. It is, moreover, essential to the administration of a temporarily-settled district that the Collector would be kept in intimate touch with landlords and tenants of all classes and degrees. This advantage is secured by the present system, for the District officer is the head of the Revenue staff which hears rent suits. I am far from saying that temporarily-settled districts are alone in their need for intimate contact between the people and their administrators, but whereas in the one case it is desirable, in the other it is essential. These arguments appear to Government to be conclusive.

"Save in this important particular the judicial procedure sections of the Bengal Tenancy Act have been adopted in the Bill They will simplify the disposal of rent suits and remove the many difficulties and anomalies that have been produced by the joint application of Act X of 1859 and portions of the Bengal Tenancy Act.

VIII of 1885.

VIII of 1885.

"Closely allied to the subject of rent suits is the law of distraint. Distraint is allowed in Bengal only through the medium of the Civil Court.

In Orissa landlords have always exercised the right of private distraint under Act X of 1859. The system has worked all these years without any serious or general abuse. It has been retained in the Bill as it facilitates the collection of rent, and it is recognised that temporarily-settled zamindars need more assistance for rent recovery than their permanently-settled brethren of Bengal who have a much larger margin of profit.

"The temporary character of its land-revenue settlement accounts for another important feature of the Bill, namely, the special place assigned in it to the class described as sub-proprietors. The Revenue officers of Orissa, who made its settlements, found, subordinate to its zamindars, a large class possessed of quasi-proprietary rights. They have always dealt in a semi-direct fashion with this important class which includes *sikhmi zamindars*, *padhans*, *mukadams*, *sarbarakhars* and others. A full description of these proprietary tenure-holders will be found at pages 186 to 195 of Mr. Maddox's Orissa Settlement Report. Government has always recognised their independent right to the settlement of land-revenue for their tenures and to *malikana* on refusal to engage. They are thus something much superior to the ordinary tenure-holder of the Bengal Tenancy Act. Special provisions for the definition and protection of their rights have been included in the present Bill. VIII of 1885.

"There is another very large and important class of Orissa land-holders called *bajiaftidars*, who own about one-sixth of the total cultivated area. The *bajiaftidars* are the owners of the invalid revenue-free tenures which were resumed in the earlier settlements. They owe their numbers and their present position partly to the special provisions of the Cuttack Land Revenue Regulation 1805 (XII of 1805), which created them, and partly to their peculiar treatment in the Revenue Settlements of Orissa. Their interests also are of a semi-proprietary nature, and it is a genuine grievance with them that, under the influence of Bengal ideas, their status has been gradually obscured, and they run the risk of being treated as ordinary tenants of the zamindars. The Bill contains special provisions for the preservation of their rights.

"There is yet another important feature of the Bill for which the justification rests in the temporary nature of Orissa's land revenue settlement. I refer to the measures that have been proposed for the definition of the privileged or private lands of proprietors and sub-proprietors. In the revenue history and tenancy legislation of Bengal, a sharp distinction has always been drawn between the demesne lands of proprietors which are cultivated by their own labour or at their own expense, and the ordinary stock of village land which is cultivated by the raiyats and is necessary for their subsistence. Within certain limits, which are defined in section 116 of the Bengal Tenancy Act, the proprietor may do what he pleases with his private land. He may cultivate it himself or through his servants or hired labourers, or he may let it out on a rack-rent of cash or kind for defined terms. Over the rest of the village area the raiyats have a right of cultivation on the payment of a fair and equitable rent, not an economic rent or a rack-rent, but such a rent as is compatible with a fair measure of agricultural prosperity. Lands belonging to the latter category may, by surrender or purchase, pass into the hands of proprietors and may be retained by them for their own cultivation; but if they are let out to village raiyats they revert to the ordinary raiyati stock; occupancy-rights begin to accrue over them, and the rent, even if an economic or competition rent at the outset, ceases in time to be so, for it comes under the limitations provided in the Tenancy Act. In Bengal proper and Bihar the area of landlord's privileged land is comparatively inconsiderable, and this is as it should be, for the effect of the permanent settlement has been to secure to zamindars the bulk of the raiyati assets of the province. Whereas at the time of the permanent settlement Government took 90 per cent. of the assets and left the zamindars only 10 per cent., these proportions have now been generally reversed, and the proprietary body absorbs more nearly 90 per cent. than 10 per cent. of the now existing assets. VIII of 1885.

"In Orissa, on the other hand, the zamindars were allowed about 30 per cent. of the assets in the first temporary settlements, and their share was

increased in the latest to an average of about 45 per cent. They have a much smaller margin of profit than the Bengal land-owner—Government expects from them a punctual discharge of their dues—and for these reasons they have been deemed entitled to more considerate treatment in the matter of their privileged lands. At the last Settlement, the lands in their cultivating possession were divided into two categories. The first, called *nij-jote* or privileged, embraced the lands which had come down to them as demesne lands from the previous Settlement, and such other lands as by the custom of the country had a right to be placed on the same footing. The second, called *nij-chas* or non-privileged, included all lands which did not fall under the first category, such as lands which had been abandoned by raiyats in the great Orissa famine of 1866, or had been acquired by purchase from raiyats. As there is no provision in the Bengal Tenancy Act securing the privilege of private lands for tenure-holders, through its influence the distinction between *nij-jote* and *nij-chas* was not drawn in the case of lands held by the proprietary tenure-holders of Orissa now defined as sub-proprietors. All their lands were classed as *nij chas*. The total area in the immediate possession of proprietors and sub-proprietors has increased from 88,700 acres in the 1837 Settlement to 172,500 acres in the last Revenue Settlement, and 177,500 acres in the Revision Settlement. These figures show that, whatever may have been the provisions of the law on the subject, the proprietors and sub-proprietors of Orissa have been able to maintain direct control over an increasing share of the cultivated area, whether it be classed as *nij-jote* or *nij-chas*. The distinction, however, is a perennial source of dispute and the cause of bitterness between landlord and tenant. The proprietary classes cannot themselves cultivate all the land that is recorded as theirs, and their arrangements for its cultivation through raiyats are hampered by the provisions of the present law on the subject. Government has decided to be generous to the landlords and to make over to them as *nij-jote* or privileged all that portion of the *nij chas* of the last Revenue Settlement which they still retain in their possession, as evidenced by the records of the Revision Settlement, and this concession is proposed to be extended to sub-proprietors as well as to proprietors. From figures compiled by the Settlement Officer of Orissa, I conclude that the proposed concession will mean the transfer of about one lakh of acres from the non-privileged to the privileged area. The privileged area will then be about one-twelfth of the total cultivated area of the temporarily-settled estates. Over this large area the landlords will have complete freedom of cultivation and contract. No future addition to the privileged stock will be possible, and the rest of the cultivated area which may now be in the possession of raiyats or may come into their possession will be available for their enjoyment on payment of a fair and equitable rent. The concession will, of course, be limited to temporarily-settled estates and will form no precedent for permanently-settled Bengal.

"It may be asked whether this generous concession to the landowners of Orissa is not too generous, whether it is not generosity displayed at the expense of the peasantry of the Division. I do not think that it will materially affect the welfare of the raiyats. In practice they get little out of the *nij-chas* or non-privileged lands, because the provisions of the law are ignored. We shall merely be giving legal sanction to the continuance of existing usages which, as the law stands, are illegal. The chief value of the change, in fact, will be that it will remove a fertile cause of dispute and strife.

"The Bill proposes to give some return to the raiyats for this concession, by two of its provisions. The first is contained in clause 241 which corresponds to section 178 of the Bengal Tenancy Act and bars contracts in violation or diminution of the rights secured to raiyats by other provisions of the law. The second is contained in clause 145 of Chapter XII which is modelled on section 84, sub-section (3) of the Chota Nagpur Tenancy Act 1908, and saves the raiyat from ejectment when he has been in occupation of newly-reclaimed land, with or without his landlord's consent, for more than two years.

VIII of 1885.

"In my opinion, this return cannot be described as great, because, whatever may have been the law, in practice the Orissa raiyat has suffered little in the

past from contracts in bar or diminution of his ordinary rights (I have heard of none such prior to 1906), and he has always enjoyed the privilege of retaining, at a fair assessment, lands that he has reclaimed. It is desirable, however, that these two matters should be placed on a clear and stable footing for the future.

"There is another incident in their relations with their landlords to which the raiyats attach much greater importance, and in respect of which they would consider it a real boon to have their position defined more clearly than it is at present. I refer to the right of transfer. The Bill leaves transfers of raiyati holdings to be regulated by local custom or usage under clause 246. Now the general custom in Orissa is for transfers to be recognised by landlords on receipt from the transferees of a sum equal to one-fourth of the consideration money stated in the deed of transfer, and this general custom applies equally to transfers of entire holdings and transfers of part holdings. There is, however, no rule of law on the subject, and there are exceptional landlords of a grasping disposition who take advantage of this to demand much more than 25 per cent. as the price of their consent. The right of veto in these cases acts as a heavy tax on the raiyats, as it diminishes very materially the price they can obtain for their holdings, when forced to sell. That the usage of transfer has become universal in Orissa is proved by the figures that have been compiled in the Revision Settlement. During the past ten or twelve years 140,000 acres of raiyati land, or 10 per cent. of the whole, have changed hands for an aggregate consideration of 77 lakhs of rupees, and when to this is added the sum paid to landlords by transferees, the total value of the transferred land approaches closely to the figure of one hundred lakhs. The statistics compiled by officers of settlement show that two-thirds of the transferred area consisted of part holdings. Indeed, the average area covered by single transaction is only ·80, or four-fifths of an acre. The statistics further prove that only 30 per cent. of the transferred area, or 3 per cent. of the total raiyati area of Orissa, has passed into the hands of money-lenders and landlords during the past decade. The great bulk of the transactions has occurred between the raiyats themselves, and there is little reason to fear that recognition of the right of transfer will encourage general improvidence amongst the peasantry of Orissa.

"Although no specific provision for the recognition of this right has been made in the Bill, I am authorised to state that Government has an open mind on the subject and is prepared to give it further consideration. My own recommendation is that the right of transfer on payment of a sum equal to one-fourth of the consideration money should be recognised in the Act, subject to a right of personal objection on the part of the landlord, of which the Collector will be arbiter. A reasonable objection would be that the transferee is a habitual defaulter, or a professional money-lender. The Council is invited to consider this proposal. I may add that the proposal was favourably considered by a majority of the Committee which discussed the question with Mr. Maddox in March 1909, that according to the experience of the Revision Settlement officers, one-fourth of the consideration money was the price paid for consent in the vast majority of cases, and that there is a general consensus of opinion in favour of fixing this limit.

"I will next refer briefly to four important subjects on which the Bill contains provisions that are not to be found in the Bengal Tenancy Act, or differ from the provisions of that Act. They are, first, produce rents, second, communal lands, third, common managers, and fourth, maintenance of land records.

"Produce-rents are dealt with in clauses 41 and 71 of the Bill. Clause 41 which regulates the commutation of produce-rents to a cash basis follows the corresponding section 40 of the Bengal Tenancy Act, but contains concessions in favour of landlords to whom commutation would be a considerable hardship, such for example as widows and minors who cannot themselves cultivate or arrange for cultivation, and who depend for their livelihood on receiving their share of the actual produce. There is also a concession in favour of religious and charitable endowments.

"Clause 71 contains two novel provisions, namely, that produce-rent shall be limited to one-half of the gross produce of the year, and that a suit for the recovery of produce-rent must be brought within the agricultural year following that in which it becomes due. Both of these provisions were regarded as fair and equitable by the Orissa landlords who were consulted in the Commitee of 1909, and I am confident that they will commend themselves to the approval of this Council. The one-half limit is in accordance with the almost universal practice of Orissa, where under the *dhulibhag* system the grain and straw are equally divided at harvest between landlord and tenant. Nor can there be any reasonable objection to the provision limiting the period of recovery. The ordinary period of limitation in a rent suit is three years, and no great hardship arises if the rent be a cash rent, and in the fourth year the landlord sues a raiyat for the rent of the three preceding years, for the cash rent rarely represents more than one-sixth of the average annual produce and is often much less. The case is far different with a produce-rent. It can only spell ruin to a raiyat if he is sued in the fourth year for arrears of rent amounting as a rule to one and-a-half times the produce of the year of suit.

"There is next the question of communal lands, by which I mean the roads and pathways, the pasture lands, the water reservoirs used for drinking and irrigation, the burning grounds and burial grounds, and all other lands over which village communities exercise common rights of user. These were recognised in the last Revenue Settlement with the consent of the proprietors, and they have been fully defined and recorded in the course of the Revision Settlement. Provisions for their protection from encroachment are contained in clauses 103A to 103F, which have been separately circulated after due approval by the Supreme Government. They provide for the summary ejectment of trespassers and encroachers. All sections of the population, landlords and tenants alike, are interested in the preservation of these lands, for they are most essential to the welfare of agricultural communities. It is not right that their defence should be left to the public spirit of private individuals. That form of public spirit is sadly lacking in Orissa, or for that matter, throughout Bengal. In Orissa the subject has always received special attention, and these provisions in the Bill are the outcome of mature deliberation.

"On the third subject of common managers I have little to explain except that the controlling jurisdiction is proposed to be transferred from the District Judge to the Collector, and that the opportunity has been taken of amending the law on a number of minor points that have given rise to difficulty. The proposed transfer of jurisdiction was approved by a large majority of the Committee of 1909, as it is a matter of common knowledge that the extended sections of the Bengal Tenancy Act which deal with common managers have not worked well in the past. The Collector, as head revenue authority of the district, is brought more closely into touch with details of estate management and agricultural conditions than the head judicial authority, and is in a better position than he to exercise efficient control over common managers. No one realises this more forcibly than the District Judge himself, as will appear from the letter in which he has submitted his opinions on the Bill.

VIII of 1885.

"My last subject is the maintenance of settlement records, for which provision has been made in Chapter XII of the Bill. It has been for many years the wish of the Supreme Government to introduce into Bengal the policy of maintenance of records which is followed in many other provinces of India. The object of the policy is to improve the administration by bringing it into closer touch with the people, and it has been pointed out that this closeness of touch is a special desideratum in Bengal, where, at least till recent times, there has been no intermediary agency between the rulers and the ruled except the police. The maintenance staff, it is said, would supply the much-felt want of a revenue agency on which the District officer could rely for direct communication with the people. It will be admitted that, could this object be achieved at a moderate cost and without undue harassment of the people, it is an object to be striven for. For the past three years the settlement staff has been experimenting with maintenance

in Orissa, but it has been maintenance without legislation, the results are not conclusive, and the question is still under the consideration of Government. Government will be pleased to have the benefit of opinions on the value of the policy, but our present duty as a Council is rather to consider the details of the provisions included in Chapter XII than to pass any general resolution in favour of or against the extension of the policy of maintenance to Orissa. The Chapter, it will be observed, is permissive, and it will rest with the Local Government to say to what areas, if any, its provisions should be applied.

"I have now dealt with all the more important features of the Bill, but so far have not discussed it with special reference to the permanently-settled estates included within the scope of its application. These estates, though few in number, are not inconsiderable in extent, and two of the largest, namely, Kujanj and Kanika, are represented on the Council to-day by their own proprietors. For the information of those who are not acquainted with the history of Orissa, I may explain the origin of these estates. At the date of the first British occupation, Orissa consisted of three distinct zones. There was the wild impenetrable hill country on the West and North-West, which was owned by feudatory Chiefs and was never effectively subdued by the Moguls or Mahrattas. The Chiefs paid a small tribute and rendered nominal allegiance, but had absolute power within their estates. This region was exempted by Regulations XII and XIII of 1805 from the operation of the ordinary Revenue and Police Regulations It forms the Tributary Mahals or Garhjats of the present day, and lies beyond the pale of Orissa agrarian law. There was a second zone of seaward estates on the East and South-East, consisting mostly of marsh and woodland and owned by noble families who were, many of them, related to the last Hindu kings of Orissa. These paid quit-rents, called *peshkush*, to the Mahrattas. The British Government, in 1805, continued the old *peshkush* revenue in perpetuity. There are 12 such estates with an area of 1,760 square miles. They have always been subject to the ordinary laws and regulations of Bengal and are governed by the same agrarian laws as the rest of Orissa, and they have accordingly been included within the scope of the present Bill.

"Between the feudatory estates and the permanently-settled estates lies the core of Orissa, the *Mogulbandi* as it is called, which was fully subject to the sway of the Moguls and Mahrattas and has developed into the temporarily-settled tracts of the present day.

"It may be suggested that the permanently-settled zone is more akin to Bengal proper than to the *Mogulbandi* of Orissa, and that a Bill of which the essential features of difference from the Bengal Tenancy Act are based on, and justified by, the temporary character of Orissa's Revenue Settlement, cannot be suited to the permanently-settled portions of Orissa. On examination, however, it will appear that there is no foundation for this objection. The Bill does not impose any fresh disabilities on landlords. On the contrary, it grants them concessions. In so far as these are limited to temporarily-settled estates, the proprietors of permanently-settled areas have no reason to complain. Insofar as they are general, the permanently-settled preprietor profits by them. Nor does the Bill propose to confer any rights or privileges on raiyats that are not either already enjoyed by the Bengal raiyat or fully justified by the general circumstances of Orissa. It is difficult then to conceive what exception can reasonably be taken to the application of the Bill within the permanently-settled area. If there be any special difficulties that have been overlooked, they may be considered by the Select Committee.

"I have not yet had time to look into the memorial on the subject of *Killa Kanika*, of which copies have been placed before us this morning by the Hon'ble Maharajadhiraja Bahadur of Burdwan, but I have given some description of these *Killajat* estates, and I can assure the Hon'ble Member that the points raised in his memorial will be considered by Government and the Select Committee.

"I have now explained the Bill to the Council, and I hope I have succeeded in making good my confidence that the Bill is not a contentious measure and that it will commend itself to the Council, as it has already,

in its main outlines, commended itself to the approval of the landlords and tenants of Orissa. The time, it may be hoped, has long since passed away when the interests of landlords and tenants were considered to be mutually antagonistic, when what was conceded to the one, was thought to be filched from the other, when tenancy legislation was a tug-of-war in which the landlord pulled for himself and it was left to some officer of Government to pull for the raiyat. A new spirit, one would fain believe, has arisen amongst the landowners of Bengal, which recognises that the prosperity of the landlord is intimately bound up with the prosperity of the tenant, that the cultivator has rights as well as the rent-receiver, that both landlord and tenant have duties as well as rights, and that a policy of give and take, of live and let live, is essential to the general welfare of agricultural communities. It is in reliance upon this new spirit that Government has enlarged the bounds and powers of its Legislative Councils. It is to it that I appeal for a fair and sympathetic treatment of the first agrarian measure that has come before the reformed Council of Bengal."

The Hon'ble SIR BIJAY CHAND MAHTAB, Maharajadhiraja Bahadur of Burdwan, said:—

"A new agrarian code for Orissa is undoubtedly to be welcomed in these parts of the present province of Bengal. I also welcome the Hon'ble Mr. McPherson's suggestion that we should go on with the Bill in this Council, for the reason that in the present Council we not only have gentlemen representing the interests of Orissa, but also others who have interests in Orissa as well as in Bengal, and I think that their views would be helpful both to the Government and to the members of the Select Committee. The Hon'ble Mr McPherson is to be congratulated on the lucid way in which he has explained the objects and reasons for this measure. I thought he was going to stop after mentioning about the temporarily-settled areas of Orissa, but he wound up by mentioning the permanently-settled estates of Orissa in which, of course, (being the proprietor of *Killa Kujang* estate,) I am interested, like my Hon'ble friend, the Raja of Kanika, and he has assured us that the privileges of the *Killajat* or *peshkush* estates will be carefully considered in the meetings of the Select Committee. I need not therefore take up the time of the Council for any length of time here to-day. However, I think I should mention here that this Bill makes a great departure regarding the principle of communal lands, and that when the claims of the *Killajat* estates are being considered, it ought to be borne in mind that though gradually the Government has by notification extended several sections of the Bengal Tenancy Act to these estates, a portion of these sections has been practically a dead letter because of the difference of the status of the *Killajat* estates with that of the *sanad* or *Mogulbandi* estates, and therefore the same principle of communal lands cannot possibly apply to these estates. Then, again, regarding the principle of introducing into the Orissa Tenancy Bill wholesale sections of the Bengal Tenancy Act, the Hon'ble Mr. McPherson has himself admitted that because it was thought that if this principle was followed, we could not have a good agrarian code for Orissa, special care will have to be taken where these sections of the Bengal Tenancy Act are now being introduced. In this connection, I should like to mention the fact that perhaps the Bengal Government is at a disadvantage because the Government of India wish Chapter XII to be included. Although that Chapter is permissive in the Orissa Tenancy Act, the Government has not been able to make out a good case for the inclusion of this Chapter. I certainly think that Chapters XI, XII and XIII should, in the first place, not only not apply to the permanently settled-estates—, but also not apply to the temporarily-settled estates. It will have to be carefully considered whether it would be expedient to apply these particular Chapters to these areas. Regarding *khas* lands, it is only of late that the Government has begun to make a distinction between *nij-jote* and *nij-chas* lands. I shall reserve my views on the subject for the present. With these few remarks I support the proposal regarding the formation of a Select Committee."

VIII of 1885.

The motion was then put and agreed to.

The Hon'ble Raja Rajendra Narayan Bhanja Deo, in the absence of the Hon'ble Mr. Das, moved that all further proceedings in connection with the Bill to amend certain enactments relating to the law of landlord and tenant in the districts of Cuttack, Puri and Balasore, in the Orissa Division, in this Council, be stayed.

He said:—

"This motion stands in the name of the Hon'ble Mr. Das. Owing to ill-health he has asked me to move it. With your Honour's permission I beg to do this.

"I thank the Hon'ble Mr. McPherson for the trouble he has taken over this Bill. After Orissa was brought under British administration, no attention was paid to the peculiar conditions of social life or of rights in land. I am using the word 'land' in the most extensive sense, so as to include in it all right and interest in land, whether it be that of the zamindar or raiyat or proprietors of different kinds. The Bengal Government based their legislative measures on their experience and knowledge acquired in Bengal. The necessary result of this was a disturbance of rights and customs relating to lands existing in Orissa at the time when legislative enactments, meant for Bengal, were introduced or extended to Orissa. The present Bill is a proof of the disregard and want of attention which the people of Orissa have received from this Government in the past. Orissa was brought under the British Government in 1803. The circumstances under which the East India Company took possession were very peculiar. The priests of the most sacred temple in India, the temple of Jagannath, invited the British army to take possession of the province. On its way to the Central Provinces the British army received friendly assistance from the Rajas of Orissa. There are now several tributary Chiefs in Orissa. The people of Orissa have a history of their own and had a feudal system. It is no credit to any Government, after having ruled over such a province for more than a century, to discover that the province required a Tenancy Bill specially suited for the state of things and conditions of life in it. Every time the Bengal Legislative Council had before it any law which was meant to apply to Orissa, the Council had no Uriya among its Hon'ble Members. Sometimes Orissa has been selected as the experimental ground for legislation in contemplation. I could enumerate several acts of injustice to the people of Orissa. So, it is no wonder that the people of Orissa feel, as a race, that justice was not done to them by the Bengal Government, considering the treatment the British nation received from them in the early days of British occupation. Whether this feeling of the people is justifiable or not, it is neither necessary nor profitable to discuss here, but the feeling exists. An attempt to pass this Bill in this Council, after His Imperial Majesty's announcement at Delhi that Orissa should be placed under a separate Government, would intensify the feelings of the people against the Council, and, besides, this step would be looked upon as the last and perhaps the worst attempt of the Bengal Government to deprive Orissa of any opportunities of improvement.

"My regard for the reputation of your Honour and for the Hon'ble Members of this Council is my first reason for proposing that this Bill should not be referred to a Select Committee, and that nothing further should be done in regard to it. This Government will have no connection with the administration of Orissa a few weeks hence. The Act will be administered by a Government which has not yet been constituted. This Council has no means of knowing the opinion of the heads of that Government on the provisions of this Bill, nor the opinions of the Executive and Legislative Councils. This is really a legislation devoid of any responsibility, looked at from our point of view, and as an unauthorised assumption of duty, looked from the new Government's point of view. I do not understand why the Council should be so anxious to rush this Bill. Is it because this Council has more time than work in hand, or that the people of Orissa wish that this piece of legislation should be carried through in this Council? I am not aware that any

respectable body of men in Orissa are anxious to see this Bill passed before the new Government takes the administration of Orissa in hand. The Hon'ble Mr. McPherson has given two reasons why this Bill should be passed by this Council The first is that, there are in this Council officials with special knowledge of Orissa, and the other is, that there are also in this Council Bengal zamindars who have interests in Orissa. Regarding the officials, who have a special knowledge of Orissa: is not this reason enough why they should go to the new province and carry out there the wishes of His Imperial Majesty in creating a new Government? But if the services of these officers are not available for the work of administration in the new province, we have on record, in the Bill before us, the letters and reports of what all these officers with special knowledge have to say, and if they have anything more to add, they might put in supplementary notes for the benefit of the Legislative Council of the Lieutenant-Governor of the new province.

"It is certainly more reasonable that men who have to administer the law should legislate, rather than that the legislation should be done by men who have no share or responsibility in the administration. Regarding the Bengal zamindars who have interests in Orissa, I will say that their interests will not suffer in the least, and that they will have their representative also in the other Council. With these few words, I beg to move that all further proceedings in this matter be stayed."

The Hon'ble MAULVI SAIYID MUHAMMAD FAKHR-UD-DIN said:—

"I crave your Honour's permission to support this motion. I am very glad that the Hon'ble Mr McPherson had anticipated this motion, and has already given some replies. but it seems to be anomalous that we should legislate for a province which will be administered by another Government, as we have already come to know that Orissa will form part of a separate Government, and, as there will be an Executive Council as well as a Legislative Council, Orissa might be more adequately represented on the new Council of Bihar. I think therefore that this legislation should be postponed for the consideration of the new Council of Bihar.

"With these few words, Sir, I support the motion."

The Hon'ble BABU JANAKI NATH BOSE said:—

"I crave your Honour's permission to oppose this motion. I oppose this motion, Sir, on several grounds. One of these is this: there is a general feeling amongst the intelligent people of Orissa that this Bill should be dealt with by this Council. I have consulted several gentlemen who take a lively interest in this measure, in fact, members of public Associations in Cuttack and other gentlemen connected with the administration of the law in that province, and most of them, I think, were of the opinion that this Council should deal with the Bill, not only in Select Committee, but should pass the Bill after proper deliberation. I do not know, Sir, whence my Hon'ble friend, the Raja of Kanika, has gathered his information, that the people of Orissa are opposed to have this Bill dealt with by the present Council. I can say, very safely, that the ordinary public does not take much interest in the work of legislation It is the intelligent, educated portion of the community that really takes any interest in the measures which are before the Legislative Council. Now the Orissa Association of Cuttack is of long standing and is composed of many educated, intelligent and respectable people of that district, and I can very safely and emphatically assure the Council that the Orissa Association as a body does want to have this Bill passed by this Council. Then, Sir, the Hon'ble Mr. Das is not here, and I do not know exactly the reasons which induced him to propose this motion, but then he ought to have seen that there are very special reasons why this Council should pass this Bill. I can endorse the words of my friend, the Hon'ble Mr. McPherson, to this fact that we have this special advantage on this Council that your Honour, the President of this Council, is quite familiar with the rent law of Orissa, and your Honour is in a position

to give the result of your experience and knowledge of the rent law of Orissa as well as the defects of the administration of the law in that province. Then, your Honour will also see that Mr. Maddox can be looked upon as an authority on the land law of Orissa. He spent about eight years in the Settlement Department of that province. Not only that: three years back he was specially deputed by this Government to take the opinion of representative people as regards the provisions of a self-contained rent law for Orissa, and I may say, Sir, he did the work of collection of opinion in a very diligent and intelligent way. I suppose if this Bill goes before another Council we shall lose the advantage of the ripe experience of Mr Maddox. I know he is very busy and has other important duties to attend to, but, when this Bill is before the Committee, he will no doubt help the Committee with the result of his knowledge and experience. Your Honour will kindly pardon me for saying that the Hon'ble Mover of this Bill has had to do a great deal with the settlement work of Orissa, and he has, as the Director of Land Records, taken a keen interest in the rent law of that province. The Hon'ble Mr. Das is in the Council and will be on the Select Committee, and I beg to submit that we shall also have the advantage of his knowledge and of his wide experience. The two most important land-holders of Orissa are also on this Council. I refer to the Hon'ble Maharajadhiraja Bahadur of Burdwan and the Hon'ble Raja of Kanika. They will also help the Council with their views regarding their part of the case. It will be a misfortune, I say, if this Bill is to be put aside to be taken up at a convenient time in the future, and many intelligent people connected with the administration of law in this province will look upon this postponement as a misfortune. My Hon'ble friend the Raja of Kanika says that the Hon'ble Mr. McPherson refers to the presence of the Bengal zamindars as being a good reason for this Council dealing with this Bill. It is a well-known fact—I do not make it a racial question at all, but it is undeniable—that some of the noblemen of this province of Bengal proper are large landed proprietors in Orissa, and as this is to be a law defining the interests of both landlords and tenants, it is desirable and practicable to have the views of important Bengal land-holders, who have the interest and welfare of Orissa at heart, before the Council also. It is also well known to most of us that, as the old Act of 1859 has been intruded upon by the extension of some portions of the Bengal Tenancy Act, the land law of Orissa is just at this moment in a very uncertain state. It is also very desirable that there should be a self-contained Rent Act for the province. After years of deliberation we are now in a position to deal with such a Bill, and my Hon'ble friend the Raja of Kanika wants to have this stopped. I should say this was a very unwise step, and there was no reason whatever for its justification.

VIII of 1885.

"With these words, I beg to oppose the motion which has been put by the Hon'ble Raja of Kanika."

The Hon'ble RAI BAIKUNTHA NATH SEN BAHADUR said :—

"I wish to make a few observations which would also involve a personal explanation. Before I was in possession of the collection of opinions in the shape of a big volume which has been furnished to us a day before this meeting of the Council, and before I had any talk with the Maharaja of Burdwan and the Hon'ble Babu Hrishikesh Laha, I had a talk outside this Council with the Hon'ble Mr. Das and the Hon'ble Raja of Kanika. Hearing, from them that they did not wish the Bill to be proceeded with further in this Council, I was inclined then to support their views, and to support them in asking for keeping the Bill in abeyance till the formation of the new Council, but, Sir, though I have not had time enough to go through the whole of the pages of this big volume, after having heard a very elaborate and able speech with which the Bill has been referred by the Hon'ble Mover of the Bill to the Select Committee, I must say that I am obliged to change my opinion. It would be inexpedient and injudicious to postpone the further consideration of this Bill. In this Council, we have now got able officers of Government who have studied the subject carefully, and the speech of the Hon'ble Mover of this Bill shows what scope it has in view and what range it covers. This involves very important

questions, and as has also been referred to by the Hon'ble Maharajadhiraja of Burdwan that it would involve some questions of rights by treaties and engagements by the East India Company and the then owners of estates, confirmed by Regulations of the British Government. They require mature deliberation which can hardly be expected in a new Council. Here we have got officers who have devoted years and years to a study of these questions, and there is no knowing when this Bill can be taken up by the new Council. There may be a delay of a year or even two years. I therefore beg to oppose this motion of the Hon'ble Raja of Kanika, and in fact it seems to me that, after the adoption of the motion for a reference of the Bill to a Select Committee, this motion seems to me to be rather out of order."

The PRESIDENT said :—

"I must ask the Hon'ble Mover to consider whether he really wishes to press the question. I would put it to him rather in this way :

"That if, when the Select Committee has presented its Report, he still thinks that the Bill is not satisfactory, and does not meet his point of view, it will be quite open to him, then, to get a postponement or take any other steps that he thinks proper to avoid the passing of the Bill by this Council.

"It hardly seems reasonable to object to its being considered by a Select Committee which has such special advantages. I think he said that the interests of Orissa have not been well looked after before. It is very doubtful whether in the new Council he will ever get together a Select Committee which contains so many representatives of Orissa and at the same time so many officers of Government who have special experience of Orissa. It may be years before such a Select Committee can be brought together in the new province. I would ask him whether he really wishes to press his motion."

The Hon'ble RAJA RAJENDRA NARAYAN BHANJA DEO said :—

"I beg to withdraw this motion with the option of moving it again when the Report of the Select Committee has been presented."

The motion was subsequently, by leave of the President, withdrawn.

THE CALCUTTA PORT (AMENDMENT) BILL, 1912.

The Hon'ble Mr. Slacke moved for leave to introduce a Bill further to amend the Calcutta Port Act, 1890.

He said :—

"Experience has shown that in certain matters some of the sections of the existing Act are in conflict. To remove this and also to assimilate the powers of the Vice-Chairman with reference to expenditure debitable to the revenue account with those he possesses as regards the capital account, and to simplify the existing procedure with reference to carrying out repairs and maintenance, are the chief objects of this Bill which, I think, is a non-contentious measure."

The motion was put and agreed to.

The Hon'ble Mr. Slacke introduced the Bill, and moved that it be read in Council.

The motion was put and agreed to, and the Secretary accordingly read the title of the Bill.

The Council was then adjourned to Friday, the 23rd February, 1912, at 11 A.M.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 23.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

Calcutta, the 12th January, 1912.

No. 8.—The Governor General has been pleased, under rule 23 of the Rules for the conduct of the Legislative Business of the Council of the Governor General, to order the publication in the *Gazette of India* in English of the following Bill, together with the Statement of Objects and Reasons relating thereto, and the Bill and Statement of Objects and Reasons are accordingly hereby published for general information :—

No. 25.

A Bill to make better provision for the protection and preservation of certain wild birds and animals.

WHEREAS it is expedient to make better provision for the protection and preservation of certain wild birds and animals, It is hereby enacted as follows :—

1 (*1*) This Act may be called the Wild Birds and Animals Protection Act, 191 ; and

Short title and extent.

(*2*) It extends to the whole of British India, including British Baluchistan, the Santhal Parganas and the Pargana of Spiti

2 (*1*) This Act applies in the first instance to the birds and animals, when in their wild state, specified in the Schedule.

Application of Act.

(*2*) The Local Government may, by notification in the local official Gazette, apply the provisions of this Act to any kind of wild bird or animal, other than those specified in the Schedule, which, in its opinion, it is desirable to protect or preserve.

3. The Local Government may, by notification in the local official Gazette, declare the whole year or any part thereof to be a close time throughout the whole or any part of its territories for any kind of wild bird or animal to which this Act applies ; and during such close time, and within the areas specified in such notification, it shall be unlawful—

Close time.

(*a*) to capture any such bird or animal, or to kill any such bird or animal which has not been captured before the commencement of such close time ;

(*b*) to sell or buy, or offer to sell or buy, or to possess, any such bird or animal which has not been captured or killed before the commencement of such close time, or the flesh thereof ;

(*c*) if any plumage has been taken from any such bird captured or killed during such close time, to sell or buy, or to offer to sell or buy, or to possess, such plumage.

4. (*1*) Whoever does, or attempts to do, any act in contravention of section 3, shall be punishable with fine which may extend to fifty rupees.

Penalties.

(2) Whoever, having already been convicted of an offence under this section, is again convicted thereunder shall, on every subsequent conviction, be punishable with imprisonment for a term which may extend to one month, or with fine which may extend to one hundred rupees, or with both.

5. (1) When any person is convicted of an offence punishable under this Act, the convicting Magistrate may direct that any bird or animal or the flesh or plumage of any bird or animal in respect of which such offence has been committed, and any arms or implements which have been used for the commission of such offence, shall be confiscated.

Confiscation.

(2) Such confiscation may be in addition to the other punishment provided by section 4 for such offence.

6. Nothing in this Act shall be deemed to affect the capture or killing of a wild animal by any person in defence of himself or any other person, or to the capture or killing of any wild bird or animal in *bonâ fide* protection of a standing crop or growing fruit.

Savings.

7. The Wild Birds Protection Act, 1887, is hereby repealed. XX of 1887.

Repeal.

THE SCHEDULE.

(i) Bustards, ducks, floricans, jungle fowl, partridges, peafowl, pheasants, pigeons, quail, sand-grouse, painted snipe, spur-fowl, wood-cock, herons, egrets, rollers and king-fishers.

(ii) Antelopes, asses, bison, buffaloes, deer, gazelles, goats, hares, oxen, rhinoceroses and sheep.

STATEMENT OF OBJECTS AND REASONS.

THE Wild Birds Protection Act, 1887 (XX of 1887), enables rules to be made prohibiting the possession or sale, during the breeding season, of any kind of wild bird recently killed or taken, or the importation of the plumage of any kind of wild bird during such season. Power is also given to Local Governments to declare these provisions to apply to any animals of game other than birds. The Act applies only to municipalities and cantonments, and rules framed under it are practically inoperative in checking the wholesale slaughter of birds in rural districts throughout British India. The need for a general law which should have the effect of protecting those wild birds and animals which are threatened with extermination has been exhaustively considered, and the present Bill is the outcome of that discussion.

2. It will apply, in the first instance, to the birds and animals specified in the Schedule. As, however, it would be difficult to provide, for the whole of India, a single list sufficiently exhaustive to cover all the kinds of birds and animals, the protection of which widely varying local conditions may render desirable, it is proposed to permit Local Governments to add to the list at their discretion.

3. The Bill will empower Local Governments to declare, if necessary, an absolute prohibition, either throughout the year or for any specified part of the year, and extending to the whole or any part of its territories, against the capture or killing of any animals or birds to which the Act applies, or the possession of such animals or birds, or of the plumage of the latter.

4. It is proposed, however, to exempt from the operation of the measure any person who captures or kills a wild animal in defence of himself or of any other person, or who captures or kills any wild bird or animal in *bonâ fide* protection of a standing crop or growing fruit.

J. L. JENKINS.

III. *State of standing crops.*—The standing wheat, oilseeds and other *rabi* crops were doing well.

IV. *Prospects and probable outturn of harvests.*—Prospects of *rabi* crops are good.

V. *Damage to crops.*—Some damage was done to standing crops by hail in parts of Monghyr during the first half of the month.

VI. *Condition of agricultural stock.*—The condition of cattle was satisfactory. Cases of cattle-disease were reported from Bankura, Midnapore, the 24-Parganas, Nadia, Patna, Gaya, Muzaffarpur, Bhagalpur, Purnea, Angul, Puri, Sambalpur, Hazaribagh, Ranchi and Palamau.

VII. *Failure of pasturage and fodder.*—The supply of fodder and water was sufficient in all districts of the Province except in parts of Midnapore.

VIII. *Prices of food-grains.*—During the second fortnight under review the price of rice rose in nine and fell in twelve districts. It varied from $9\frac{3}{16}$ seers a rupee in Hooghly to $16\frac{3}{4}$ seers in Angul.

IX. *Condition of agricultural people.*—The condition of agricultural people was, on the whole, satisfactory.

SUMMARY OF THE RAINFALL OBSERVATIONS TAKEN IN BENGAL DURING THE MONTH OF DECEMBER 1911.

During the month under report there was no rain, with the exception of a slight shower in the districts of Darjeeling and Angul.

From the abstract tables appended it will be seen that Orissa received 4 per cent. of the normal. The total rainfall from January to December was 86 per cent. in South-West Bengal, 104 per cent. in Bihar, 81 per cent. in Orissa and 88 per cent. in Chota Nagpur.

Calcutta,

The 15th January 1912.

W. B. Heycock,

Director of Agriculture, Bengal.

The following table compares the rainfall in the four divisions during the month of December 1911 with the normal fall, the actual being given as a percentage of the normal. The table also shows the actual falls for each of the previous months of the year expressed in the same way, and the last column of the table shows the total rainfall of the past twelve months of the year 1911 :—

DECLARATION.

No. 174J.—The 17th January 1912.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for such portion of the Bhelatand Colliery siding as lies between chains 704·90 and chains 733·80, and is edged with pink on the plan L A M A No. 182, and whereas coal mines are situate under the said land, and whereas the Tata Iron and Steel Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as No. 17 seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Tata Iron and Steel Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working :

Manbhum.

Now, therefore, the Lieutenant-Governor of Bengal in Council is pleased to declare, under section 5, sub-section (2), clause (*b*) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Tata Iron and Steel Company, Limited, in the manner and subject to the restrictions below specified, viz. :—

(1) The galleries on the lines A B and C D may be continued on these lines. They shall not exceed 12 feet in width.

(2) No coal shall be extracted on the north-east of the line A B.

(3) On the south-west of the line C D galleries may be driven not exceeding 12 feet in width at distances not less than 60 feet apart, centre to centre, forming pillars not less than 48 feet square to be left unworked for the support of the acquired land.

(4) Between the line A B and the line A C such galleries not exceeding 12 feet in width may be driven as are shown by the red centre lines on the plan and in the approximate direction of such centre lines.

(5) All the above galleries shall not exceed in height the thickness of the seam together with such of the roof as may be necessary to be taken down in order to make the gallery safe for working or passing therein.

(6) Manholes not exceeding 6 feet in height by 3 feet in width by 4 feet in depth may be made where required by any rules made under the Indian Mines Act, 1901.

(7) Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay.

(8) These restrictions shall apply to No. 17 seam only, and to the area edged with pink upon the plan, and Messrs the Tata Iron and Steel Company, Limited, shall give notice, under section IV of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under such area or to work coal under any other area of acquired land,

and that in all the above cases, except to comply with the above conditions, no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L A M A No. 182 signed by the Chief Inspector of Mines

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

BYE-LAWS FOR THE DISTRICT BOARD OF BIRBHUM UNDER SECTIONS 139 AND 140 OF THE BENGAL LOCAL SELF-GOVERNMENT ACT OF 1885 (BEN. ACT III of 1885).

Definitions.

1. In these bye-laws, unless there is anything repugnant in the subject or context,— 1 of 1871.

Definitions.

(*1*) the word "cattle" has the same meaning as in the Cattle-trespass Act, 1871;

(*2*) "reserved tank or well" means a tank or well which the District Board has set apart under section 90 of the Bengal Local Self-Government Act of 1885, by public notice, for the supply of water for drinking and for culinary purposes, and includes any reservoir, or part of any river, *khal* or other channel, so set apart; and a notice-board on the edge of a reserved tank or well, containing the words "reserved tank" or "reserved well" or words to that effect shall be deemed to be sufficient notice for the purpose of this definition; and Bengal Act III of 1885.

(*3*) the "slopes" of a reserved tank or well include all places from which water can flow directly into such tank or well; and

(*4*) "road" means a road vested in, or under the control and administration of, the District Board or a Local Board or Union Committee; and includes—

(*a*) a village road;

(*b*) the slope, berm, borrow-pits and side-drains of a road; and

(*c*) all land vested in, or under the control and administration of, the District Board or a Local Board, and attached to a road.

Roads, Drains, Bridges, Canals, and Embankments.

Encroachment or obstruction on a road.

2. (*1*) No person shall encroach on any part of a road by cultivating crops or planting anything thereon.

(*2*) No person shall, on any road,

by means of any building, fence, pit, embankment or ditch, or any other obstruction, or by means of any cut drain or water-course intended for the purpose of drainage or irrigation, or by exposing thereon any goods for sale or by placing thereon any substance or material,—

(*a*) without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, make or cause any encroachment, or

(*b*) obstruct traffic, or

(*c*) cause any inconvenience to passengers, or

(*d*) hinder or impede the flow of water.

Sale, collecting or gathering of articles in vicinity of road.

3. No person shall expose or place any article for sale in any bazar or market in the vicinity of any road, or collect or gather any articles in the vicinity of a road, so as to interfere with the traffic of the road.

Cutting of plants, trees or hedges obstructing road or drain.

4. Any person in possession of, or having control over, any plants, trees or hedges which obstruct, overhang or overshadow any road, or any public drain or sluice, or any drain which is connected with a public drain,

shall, if so required by notice in writing, signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, cut down, prune or trim such plants, trees or hedges, within the period and in the manner, prescribed in such notice.

Damage to bridges, culverts, or causeways on road.

5. (*1*) No person shall destroy or damage, or cause to be destroyed or damaged, any bridge, culvert or causeway built on or across any road.

(*2*) No person shall erect any fence or other object on, or before or close to the opening of, any such bridge, culvert or causeway, for the purpose of fishing or for any other purpose, so as to impede the free flow of water thereunder, or so as to cause damage thereto.

(*3*) No person shall cast nets for fishing purposes from any parapet of any such bridge or culvert.

6. No person shall—

(*a*) destroy or damage, or cause to be destroyed or damaged, any fence or post erected on any road; or

Municipal and Local.

NOTIFICATIONS.

No. 94 M.—The 18th January 1912.—In exercise of the power conferred on the Local Government by clause (*3*), section 53 of the Calcutta Hackney Carriage Act, 1891 (Ben. Act II of 1891), the Lieutenant-Governor in Council is pleased to confirm the following by-laws which have been framed by the Commissioners of the Puri Municipality, under clause 1 of the said section.

Puri.

BY-LAWS FRAMED BY THE COMMISSIONERS OF THE PURI MUNICIPALITY.

(*a*) *First class Carriages.*

1. (*1*) First class hackney-carriage licenses shall only be granted for comfortable, roomy, clean, easy running vehicles of a description superior in all respects to second class carriages.

(*2*) The carriages may be of any approved pattern, for example, broughams, landaus or phaetons.

(*3*) Each carriage must be provided with a thoroughly good pair of lamps.

2. No carriage shall be licensed as first class unless it is to be drawn by a good pair of horses or a good single horse not under 15 hands.

3. The figure "I," in Roman characters, must be painted on the outside of the doors of every first class carriage.

(*b*) *Second class Carriages.*

4. No carriage shall be licensed as second class unless it be in a thoroughly fit and proper condition.

5. Every carriage of the kind known as *palki-gharry* or *brownberry* must conform with the following dimensions:—

Breadth of carriage inside, not less than 36 inches.
Depth of seat inside, not less than 18 inches.
Width of well of carriage between cushions, not less than 24 inches.

Height inside from roof to seat, not less than 40 inches.
Height from the ground of each step at either side of the carriage, not more than 20 inches.

6. The doors of every carriage must swing on proper hinges and locking bolts or, in the case of sliding doors, must move freely backwards and forwards, all door handles must be securely fitted, and four hand straps must be fitted near the doors.

7. The roof of every carriage must have a waterproof covering and the inner portion thereof must be of polished wood or properly lined.

8. The cushions and backs of every carriage must be covered with leather or leather cloth, and the cushions must be well stuffed. Rattan seats may be substituted for cushions.

9. The floor of every carriage must be provided with a coir foot-mat of suitable dimensions.

10. The springs and axles of every carriage must be of thoroughly sound manufacture, all the iron work must be strongly put together, and the carriage must be provided with a good pair of lamps.

11. No carriage drawn by a pair of horses shall be licensed as second-class unless both animals are fit for their work and are at least 13 hands high; and no carriage drawn by a single horse shall be so licensed unless the animal is fit for its work and is at least 14 hands high.

12. The figure "II," in Roman characters, must be painted on the outside of the doors of every second class carriage.

(c) Third class Carriages.

13. (*1*) No carriage shall be licensed as third class unless it is in a clean and safe condition, has sufficient room inside to seat four persons, and has stout and steady axles, springs and wheels and a good pair of lamps.

(*2*) The breadth of every third class carriage inside must not be less than 30 inches, the height inside from roof to seat not less than 40 inches, and the height from the ground of each step at either side of carriage not more than 20 inches.

14. (*1*) When drawn by a pair of ponies, each pony must be in a fit condition for work and at least 12 hands high.

(*2*) When drawn by a single pony, the animal must be fit for its work and at least 14 hands high.

15. The figure "III," in Roman characters, must be painted on the outside of the doors of every third class carriage.

(d) General.

16. No animal shall be deemed fit for its work unless it is fit in respect of its height, bone, muscle and condition, and is equal to the work of drawing the carriage.

17. The harness of every carriage must be of strong leather, in good condition. No chain or rope or iron traces, unless they are covered with leather, and no string fastenings shall be used.

18. (*1*) Every carriage registered under the Calcutta Hackney Carriage Act, 1891, shall be subject to inspection by the Registering Officer at any time at the place at which it is kept.

(*2*) The owner of any such carriage shall, if so required by special notice from the Registering Officer, produce the carriage and its horses at the office of the Registering Officer for the purpose of inspection.

19. Every place where any hackney carriage or its horse is kept shall be open to the inspection of Municipal officers at all reasonable hours.

20. Every person applying for a driver's license must be acquainted with the principal places and streets in and around Puri, and must have a thorough knowledge of the rates and fares prescribed in the Schedule to the Act.

21. Every person applying for a license as driver, who has previously acted in that capacity, must, if required, produce a certificate from his last employer.

22. Every first class and second class carriage, when plying for hire, must carry a driver and a syce, who must each be decently dressed.

23. (*1*) A table of fares according to time and distances from various centres shall be prepared and printed under the authority of the Commissioners, and a copy of the same shall be supplied by the Registering Officer to the owner of every carriage.

(*2*) The driver of every carriage must produce the said copy whenever required by a hirer of the carriage.

No. 119M.—The 22nd January 1912.— In exercise of the power conferred by sub-section (1) of section 31 of the Licensed Warehouse and Fire-Brigade Act, 1893 (Bengal Act I of 1893), the Lieutenant-Governor in Council is pleased to direct that the following amendment be made in rule 18 of the orders for the regulation of the Fire-Brigade, published with Notification No. 3287M, dated the 15th September 1893, at page 159 of Part IB of the *Calcutta Gazette* of the 20th *idem*, as subsequently amended by Notification No. 1850T.M., dated the 25th August 1906, published at page 135 of Part IB of the *Calcutta Gazette* of the 29th *idem*, namely —

In clause (*b*) of sub-rule (1) of the said rule *after* the words "Commissioner of Police" *insert* the words "or to such officer of the Fire-Brigade as may be empowered by him in this behalf."

No. 133M.—The 22nd January 1912.—In exercise of the powers conferred by clause (*a*) of section 69 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), the Lieutenant-Governor in Council is pleased to approve the resolution passed by the Commissioners of the Debhatta Municipality, in the district of Khulna, under section 23 (*d*) of that Act, electing Babu Suresh Chandra Sen to be Chairman of that Municipality, *vice* Babu Sib Nath Chakrabatti, resigned.

Khulna.

No. 141M.—The 22nd January 1912.—In exercise of the power conferred by clause (2) of section 241 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), the Lieutenant-Governor in Council is pleased to sanction the following rules which have been framed by the Commissioners of the Gaya Municipality, under clause (1) of that section and clause (2) of section 237 of the Act. The rules apply to buildings erected or re-erected within Wards 1 to 9 of the Municipality.

Gaya.

Rules made under sections 237 (2), and 241 of the Bengal Municipal Act, 1884, for Wards 1 to 9 of the Gaya Municipality.

1. In erecting or re-erecting buildings the following rules shall be adhered to :—

(*a*) The external walls of any such buildings as aforesaid shall be constructed of masonry, clay, sunburnt bricks or stones, and in no case shall an external wall abutting on a public road, street, lane or drain be less than two feet from such public road, street, lane or drain.

Explanation.—No *pucca* platform, except steps, shall be allowed over the two feet of land thus left.

(*b*) The party walls shall be constructed of masonry, clay, iron, wood, stone or lath and plaster.

(*c*) The privy shall not be built within ten feet from the road without the special sanction of the Commissioners.

(*d*) The drain of the house shall have a proper slope towards the public drains.

(*e*) No balcony or eaves shall project over any public drain, road, street, lane or thoroughfare, but may project over the two feet of space left under these rules, provided there are no external supports on this space.

(*f*) The privy shall be constructed on a plan approved by the Commissioners at a meeting, having due regard to the convenience of the neighbour, and shall afford proper facilities for cleansing. The door for the egress and ingress of mehtars shall not be less than five feet in height.

(*g*) The water of any upper storey shall be carried down to the drain by means of down-pipes extending to the road or the drain or by other suitable contrivance. Spouts or openings without such down-pipes shall not be allowed.

2(*1*). Every notice for the erection or re-erection of a house not being a hut required by section 237 of the Municipal Act shall be accompanied by a site plan of the land drawn to a scale of not less than 50 feet to an inch and shall show—

(*a*) the position of the building and appurtenant out-buildings to be erected on the land with reference to adjoining public roads and drains, and if no public road adjoins the premises, then to the nearest public road and drains and other requirements under rule 1 of these rules ;

(*b*) the area to be occupied by the building and out-buildings on the land ;

(*c*) the names (if any) or description of the adjacent roads, streets, streams, bridges, culverts or buildings ; and

(*d*) the number of the ward and the name or number of the mahalla and street or road in which the land is situated.

Provided that if the applicant satisfies the Commissioners that the building will be less than Rs. 250 in value, the site plan need not be to scale, but must be dimensioned in figures to show to the satisfaction of the Commissioners the size of the building and its position on the land, together with the position of the land with reference to the adjacent building or lands.

(2) Every such person giving notice as required by law in respect of a masonry building shall submit with such notice plans, sections and elevations drawn to a scale of not less than eight feet to an inch, showing the levels at which the foundation and the lowest floor or plinth are proposed to be laid with reference to the crown level of the adjacent roads or streets, the position of the line or frontage of the proposed building and the level of the site on which the house is to be built. This shall be submitted in triplicate.

Provided that if the applicant satisfies the Commissioners that the building will be less than Rs. 250 in value, it shall be sufficient to show in writing to the satisfaction of the Commissioners the levels at which the foundation and the lowest floor are proposed to be laid.

(3) Every such person shall, when required by the Commissioners, submit with such notice as aforesaid specifications of the work intended to be constructed and the materials to be used for the foundations, floors, walls and roofs respectively.

No. 140L.S.-G.—The 22nd January 1912.—The following draft of an amendment which the Lieutenant-Governor in Council intends to make under the Bengal Local Self-Government Act, 1885 (Bengal Act III of 1885), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 1st March 1912, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

Draft.

In exercise of the power conferred by clause (*m*) of section 138 of the Bengal Local Self-Government Act, 1885 (Bengal Act III of 1885), the Lieutenant-Governor in Council is pleased to make the following amendment in the rules published with Notification No. 3334L.S.-G., dated the 20th December 1901, at page 293 of Part 1B of the *Calcutta Gazette* of the 25th *idem*), as amended by subsequent Notifications, namely :—

After rule 53 of the said rules *insert* the following :—

"53A. Any development of a project which may be deemed to be necessary while a work is in progress, but which is not fairly contingent on the proper execution of the work as first sanctioned, must be covered by a supplementary estimate, accompanied by a full report of the circumstances which render it necessary. The abstract must show the amount of the original estimate and the total of the sanction required, including the supplementary amount."

NOTIFICATION.

STATE SCHOLARSHIPS TENABLE IN ENGLAND BY EUROPEANS AND EURASIANS EDUCATED IN INDIA.

No. 773.—The 16th January 1912.—In the year 1907 His Majesty's Secretary of State for India sanctioned the institution of one scholarship of £200 per annum tenable at a European University to be awarded in each year to a member of the domiciled European and Eurasian community in India on the understanding that candidates belonging to this community should no longer be regarded as eligible for the two University State Scholarships at present granted to natives of India. *For the scholarship to be awarded in the year 1912 applications are now invited.*

2. The scholarship will entitle the holder to an allowance not exceeding £200 per annum payable from the date of his arrival in England and will be tenable for three or four years, as circumstances may require, at any University in the United Kingdom or, with the special sanction of the Government of India, at a foreign University. The candidate to whom the scholarship is awarded will be required to proceed to England within a reasonable period from the date of his selection, and to reside there for a period of three or four years, as the case may be, unless compelled to return sooner by ill-health. He will be provided with a free second class passage to England, and also with a free return passage if he completes the full period of residence or is compelled by sickness to return within that period.

3. The two main principles which govern the grant of the scholarship are—

(i) that as the object in view is to assist a domiciled European or Eurasian to go through a University course in England the scholarship will ordinarily be awarded to a young man at the close of his school career in India so that he may join the University at practically the same age as boys educated in England: the Government of India place the age limits at 18 to 21, *i.e.*, the candidate must have completed 18 years of age and not have completed 21 years on 31st March of the year in which the scholarship is awarded, and

(ii) the scholarship will be given to the candidate who is most likely to win distinction at the University.

4. The following rules are to be observed in regard to the form in which applications are to be submitted:—

(1) The application should ordinarily be in the handwriting of the applicant. In the exceptional case of his being out of India, the parent or guardian may submit an application.

(2) The application should give full details as to the applicant's age, family circumstances, the schools or colleges which he has attended, his studies, the distinctions he has gained, and the course of study he wishes to follow. Information should also be given as to

(*a*) the University at which the candidate proposes to study and the reasons for selecting the particular University;

(*b*) the special aptitude, if any, which the candidate has shewn for the kind of study which he proposes to pursue.

(3) The application should be accompanied by a birth certificate, a certificate from a commissioned officer of the Indian Medical Service testifying to the general health of the candidate and certifying that his physique is such that there is good prospect of the University course not being seriously interrupted by ill-health, and testimonials as to character and capacity. If original testimonials are not sent in, certified copies must be submitted. The testimonials should include—

(*a*) A certificate from the Principal of the institution last attended, stating that the applicant is of good moral character and of active habits, and in the event of his having left school or college more than six months before the date of application, a certificate by a person of recognised position well acquainted with him, stating how he has been employed since he left school and certifying to his moral integrity.

(*b*) A certificate from some person of recognised position well acquainted with the candidate and his family, to the effect that he is a native of India within the meaning of Statute 33 Vict., Cap. 3, section 6, and that his parents are not resident in India for temporary purposes only.

5. The Director of Public Instruction will personally interview those applicants whose names he thinks worthy of submission to Government. If a personal interview is impossible (*e.g.*, owing to a candidate being absent from India), the fullest possible information should be given as to the physique and character of the candidate.

6. All applications for the scholarship to be awarded during the year 1912 should be submitted in the first instance to the Inspector of European Schools, Bengal, in time to reach the Director of Public Instruction on or before the 15th February 1912.

7. No application will be considered unless the applicant declares that the conditions of the scholarship as laid down in paragraphs 2 and 8 of this notification are known to him, and that he is prepared to abide by them.

8. The scholar will, on arrival in England, be required to bind himself by a written engagement to submit to the following rules, and to such other regulations as may from time to time be framed by His Majesty's Secretary of State for the guidance of scholars in England:—

(*a*) Every scholar shall, on reching England, at once present himself to the Secretary, Judicial and Public Department, at the India Office, and report his arrival in writing.

(*b*) Every scholar shall, without any unnecessary delay, inform the Secretary of State to which University or College he is about to proceed, and shall at once take steps to enter himself thereat.

(*c*) Every scholar shall, at the end of each term of residence at a University, submit to the Secretary of State a certificate from the proper University or College authority showing that his residence, conduct and progress in study have been satisfactory during the term.

(*d*) Every scholar shall at all times obey such instructions as he may receive from the Secretary of State.

(*e*) Subject to a due compliance with the above conditions, the allowance, at the rate of £200 a year for three years, or four years, if so determined will be paid quarterly, in advance, by the India Office, commencing from the date of the scholar's reporting his arrival in England.

(*f*) Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to complete the required terms of residence at a University or who is guilty of misconduct, persistent idleness, or disregard of the orders of the Secretary of State. If the scholarship be forfeited, the scholar will lose his claim to a free return passage to India and will further become liable to refund the cost of his free passage to England

(*g*) The scholar will be under the supervision and charge of the Political A.-D.-C. to the Secretary of State, through whom the necessary orders will be given, and to whom all reports and other communications respecting him should be sent.

G. W. KÜCHLER,
Director of Public Instruction, Bengal.

NOTIFICATION.

State Technical Scholarships, 1912.

ONE (or two, if available) scholarships of the value of £150 a year exclusive of fees payable to the institutions where the scholars will study and travelling expenses, tenable in Europe or America for two years, will be awarded in 1912 by the Government of India to Statutory Natives of India to enable them to study Mechanical and Electrical Engineering. The value of the scholarships and the period of tenure may be increased in exceptional cases. Preference will be given to those who have already received the best technical education in these subjects, available in the Province.

Application in the prescribed form with testimonials in original should reach the Director of Public Instruction on or before the 25th February 1912. For other particulars the Government Notification No. 52, dated the 6th January 1912, published in the *Calcutta Gazette* of the 10th January 1912 may be referred to.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

SOUTH PACIFIC OCEAN—SOLOMON ISLANDS.

Gower island— Amended position and description.

No. 9 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1728 of 1911), are republished :—

Position.—S.E. extreme, lat. 7° 56½′ S., long. 160° 38½′ E.
Description.—The island is of even outline, covered with trees, from 150 to 170 feet high, and is very much smaller than is now shown on the charts.

The only sheltered anchorage is near the south-western end of the island, where a bay runs in for half a mile and is the same distance across. A sunken reef extends across the mouth of this bay, with the exception of a deep passage, about one cable wide, situated near the south-west point of the bay. Inside the reef the depths are from 6 to 3 fathoms over sand and broken coral. A village is situated in the north-east corner of the bay.

A reproduction of a portion of a chart No. 214, showing the island in its correct position and delineation, is given below.

Chart affected.—No. 214, Solomon islands.

ESTABLISHMENT OF A TECHNOLOGICAL INSTITUTE IN CALCUTTA.

GENERAL DEPARTMENT—EDUCATION.

Dated Calcutta, the 20th January 1912.

RESOLUTION—No. 302.

Letter from the Director of Public Instruction, Bengal, No. 638T., dated the 13th October 1911.

A scheme has for some time past been under the consideration of the Government of Bengal for removing the Civil Engineering College from Sibpur. The site of the existing College, which is a residential institution, is unhealthy; its surroundings are unsuitable and the present buildings are inadequate. Moreover, owing to the growing trade of the port of Calcutta, the site of the College is required by the Port Commissioners, and it has already been arranged to transfer the land to that body in the course of the next few years. After much consideration, Ranchi was fixed upon as the most suitable locality for the Civil Engineering College on its removal from Sibpur. Ranchi possesses

the great advantage of a healthy climate, and the station is reasonably accessible from Calcutta and the other industrial centres not only of Bengal but also of Northern and Western India.

2. Meanwhile the advisability of creating a Technological Institute in Calcutta itself has been brought to the notice of Government from various quarters. The probable necessity for such an Institution was foreshadowed in Chapter VI of the Report published in 1908 by the Hon'ble Mr. J. G. Cumming on technical and industrial education in Bengal. He suggested that such an Institution should be created in Calcutta mainly for the purpose of teaching technical chemistry, and that it should be affiliated with the classes in chemistry and physics at the Presidency College and with the textile instruction at the Serampore Weaving Institute. More recently, the Director of Public Instruction in his Annual Report for 1909-10, while discussing the need for a further development of technical education in Bengal, mentioned that one of the wants which would have to be satisfied when the Sibpur College was removed to Ranchi, if not sooner, was that of a Government Technical Institute for Calcutta which would provide for the teaching of Mechanical and Electrical Engineering and of Industrial Chemistry. Again during the present year, the Mining Advisory Board has strongly recommended the complete transfer of the Sibpur College Mining Department and its equipment to a Technical Institute to be established at Asansol, and it is understood that this proposal has been generally approved by those interested in the matter.

3. The creation of a Technological Institute in Calcutta has been advocated on the ground that in all European countries in which technical education has reached a considerable degree of development, such education has been almost entirely confined to industrial centres, and that it is only in the larger centres that it has attained complete success. It is represented that subjects such as Mechanical and Electrical Engineering and Industrial Chemistry can only efficiently be taught in the localities, where the corresponding industries are carried on, and that Calcutta has already established itself as a recognised centre for the two former and will most likely become the chief centre in the province for the last named industry as well. Technical education is especially suitable to those who are already engaged in some industrial pursuit, and who, while anxious to increase their capacity for usefulness and their prospects of advancement by adding to their technical knowledge, are unable to afford the time which attendance at complete courses of instruction given during the day would require. For these students evening classes are naturally most appropriate, and such classes must necessarily be held in large industrial centres, where alone they have any chance of success. Even in the case of students who wish to take up the higher forms of technical education and to proceed to its most advanced stages and who might be prepared, if necessary, to devote the whole of their time to their studies, there may be some who would prefer to attend evening classes if the latter provided adequate instruction. There is, moreover, much to be said in favour of a technical institution attended both by men who are actively engaged in industrial pursuits and by students devoting their whole time to study, and such an institution would appear more suitable to the conditions obtaining at present in India than one intended solely for pure students. The general conclusion therefore appears to be that, if the industrial development of the country has reached such a stage as to require the establishment of one or more institutions for technical education, they should be located in industrial centres, of which Calcutta is in this province the chief.

4. If in accordance with the proposals briefly described above, the teaching of Mechanical and Electrical Engineering and of Industrial Chemistry, and possibly of other subjects, such as those connected with the Mining industry, were transferred from the Civil Engineering College, the chief remaining function of that College would be the teaching of civil engineering proper, with reference to a large extent to the training of men for service in the Public Works Department of Government. In this connection it has been suggested that it is doubtful whether it is worth while to go to the expense of building a new Civil Engineering College at Ranchi, and that it might be possible to arrange in other ways for the training of men for service

in the Public Works Department. It is represented that the existing system of recruiting from the Civil Engineering College for the Public Works Department is not altogether satisfactory. At present in the Civil Engineering College, all the students who are candidates for appointment in the Public Works Department are trained together. On the conclusion of their course, they are subjected to a practical examination on the result of which they are arranged in a list in order of merit. The first graduate candidate on the list is appointed an apprentice Engineer, and if he serves his course satisfactorily, he is permanently appointed as Assistant Engineer in the Provincial Service of the Public Works Department. The other candidates on the list are appointed to the Subordinate Service as probationary overseers up to the number of vacancies available. It may thus happen that the difference of a few marks in the final examination leads to a candidate being placed in the Subordinate Service instead of in the Provincial Service, and it is reported that a considerable amount of disappointment and discontent is caused by this arrangement among the officers of the Subordinate Service. It has been suggested therefore that the opportunity might be taken to revise the existing arrangements for the recruitment of candidates for employment in the Public Works Department; that the training of the few men who are required for the Provincial Service might be arranged for at an engineering college outside the province, such as the Thomason College at Roorkee, while the Bihar School of Engineering at Patna might be expanded in such a manner as to give an improved and more practical course of training to candidates for employment in the Subordinate Service. It is recognised that a serious objection to this proposal is that it would entail the abolition of the only engineering college in Bengal, and that the question cannot be decided solely with reference to the requirements of the Public Works Department. On the other hand, the creation of a Technological Institute at Calcutta on the lines proposed would involve large expenditure, and it would be a question for consideration whether it would be justifiable for Government to incur further expenditure in the creation of a purely engineering college at Ranchi or elsewhere

5. Since these proposals were made, the situation has been profoundly modified by the recent announcement made by His Imperial Majesty in regard to the changes which are impending in consequence of the alteration of the existing boundaries of the Province of Bengal and the creation of a new province consisting of Bihar, Chota Nagpur and Orissa. The questions relating to the proposed technological institute in Calcutta and the mining technical institute at Asansol can still be considered on their merits, but no final scheme for the training of engineers for the service of Government can be framed, until it has been decided whether the two new provinces should make joint provision for their needs in this respect or whether each should proceed independently of the other. In the meantime all that can be done is to undertake a preliminary examination of the question whether such joint action is desirable or not.

6. The proposals which have been made are, it will be observed, of vital importance to the future of technical education in Bengal, and the Lieutenant-Governor in Council has accordingly decided, before coming to any conclusion in the matter, to appoint a Committee to enquire into and advise Government on the whole question of the distribution of the subjects at present taught at Sibpur. It will be for the Committee to consider in the first place, on the assumption that the present Civil Engineering College will be removed from Sibpur, what subjects at present taught at Sibpur will still have to be taught in Calcutta or, as has been proposed in connection with the Mining Department, in the locality where the connected industries are carried on. It will then be a matter for consideration whether it will be advisable to create a Technological Institute in Calcutta for the teaching of these subjects, or some of them, and if so, the following questions will require careful examination :—

(1) the site of the institute ;
(2) the accommodation to be provided;
(3) the staff required;
(4) the extent to which existing institutions can be absorbed, and
(5) the probable cost of the scheme.

Finally, in the event of provision being made for the teaching in Calcutta or its neighbourhood of a large number of the subjects at present dealt with in the Sibpur College, it will have to be considered whether it would be advisable for the two new provinces to make joint provision for the remainder of the instruction at present given in the College. If the Committee should come to the conclusion that such joint action would not be advisable, but that each province should make its own arrangements in the matter, it will have to be considered whether it will be necessary to create a Civil Engineering College for the new province of Bengal, or whether arrangements should not be made at institutions already existing in Bengal or elsewhere for meeting the requirements of the province in the matter of the teaching of pure engineering.

7. The Lieutenant-Governor in Council is accordingly pleased to appoint the following gentlemen to be members of a Committee to consider the questions discussed in this Resolution, and to advise Government upon them :—

(1) The Hon'ble Mr. F. A. Slacke, C.S.I. ... ... *President.*

(2) ,, ,, E. W. Collin, I.C.S.

(3) ,, ,, J. G. Cumming, C.I.E., I.C.S.

(4) ,, ,, G. W. Küchler, C.I.E.

(5) ,, ,, B. K. Finnimore.

(6) Mr. J. P. Wyness, nominated by the Chairman of the Calcutta Corporation.

(7) The Hon'ble Babu Deva Prasad Sarbadhikari.

(8) The Principal, Civil Engineering College, Sibpur.

(9) Mr. E. Hoogewerf, Principal, Serampore Weaving Institute.

(10) Sir R. N. Mukherji, K.C.I.E., of Messrs. Martin & Co.

(11) Mr. F. Larmour, of Messrs. Lazarus & Co.

(12) ,, G. H. Danby, of the East Indian Railway Company.

(13) ,, Mr. W. R. Steele, of Messrs. Burn & Co.

(14) ,, Krishna Chandra Dey, of Messrs. Khetter Mohan Dey & Co.

(15) The Superintendent of Industries and Inspector of Technical and Industrial Institutions ... ... *Secretary.*

The President is empowered to appoint such additional members as are in his opinion likely to assist the Committee in the consideration either of the general question or of any specific questions which may come before it. It is left to the President to fix the time and place for the assembly of the Committee which, it is hoped, will be able to begin its labours at an early date.

By order of the Lieutenant-Governor in Council,

J. H. KERR,

Secretary to the Government of Bengal.

POST-GRADUATE INSTRUCTION FOR NON-GOVERNMENT MEDICAL SUBORDINATES IN THE EMPLOYMENT OF DISPENSARIES UNDER THE SUPERVISION OF GOVERNMENT.

MUNICIPAL DEPARTMENT—MEDICAL.

Calcutta, the 19th January 1912.

RESOLUTION No. 171Med.

READ—

Letter from Inspector-General of Civil Hospitals, Bengal, No. 553 D., dated the 17th May 1911.

Government Circular to all Commissioners of Divisions, No. 3 T.—Medl., dated the 6th June 1911, and their replies.

Proceedings of the Meeting of the Commissioners' Conference held at Darjeeling on the 10th October 1911.

Letter from Inspector-General of Civil Hospitals, No. 2142 D., dated the 17th October 1911.

THE Local Government has recently had under consideration a proposal submitted by the Inspector-General of Civil Hospitals to increase the efficiency of the medical practitioners employed in hospitals and dispensaries under the supervision of Government, whether maintained by Municipalities, District Boards, or private individuals, by the offer of facilities for periodical training subsequent to the date of original qualification. Such practitioners may be either Civil Assistant or Sub-Assistant Surgeons, whose services have been lent by Government, or they may be candidates possessed of certain prescribed minimum qualifications and recruited by the dispensary authorities. Provision already exists for ensuring that the professional knowledge of officers of Government is not allowed to deteriorate, and the present scheme applies to the latter class only.

2. These officers are frequently stationed in isolated localities, where few opportunities exist of contact with the outside medical world, and little encouragement is given to keep abreast of modern improvements in Medicine and Surgery. Periodical visits of inspection are paid by the Civil Surgeon, but these are necessarily brief and instruction cannot be imparted at them. There is an inevitable tendency for the professional knowledge of these officers to rust and for their enthusiasm to become blunted, while any such depreciation of the standard maintained tends to retard the advance of Western methods of treatment, and is to be deprecated equally from the standpoint of the men themselves, their employers and the patients whom they treat.

3 Arrangements have now been made, with effect from the 1st January 1912, to hold post-graduate courses at the Campbell Medical School (Sealdah) and at the Medical Schools at Patna and Cuttack, to which non-Government officers in the employment of dispensaries under the supervision of Government may be sent. Candidates from the Burdwan and Presidency Divisions should be sent to the Campbell Medical School, from Orissa to Cuttack, and from the Bhagalpur, Patna, Tirhut and Chota Nagpur Divisions to Patna. The course will last three months, and will be conducted by the ordinary teaching staff at each institution. The classes will continue throughout the year, but the managing authority of any dispensary desiring to avail itself of this opportunity should make preliminary enquiry of the Superintendent of the School concerned as to the exact date upon which its employés should be sent. The Local Government does not desire to prescribe a rigid system for universal adoption, and each authority can decide for itself which of its employés it will depute in this manner; but, generally speaking, it is expedient that the course should be taken at intervals of five years in each case. The pay to be given to each officer while under instruction, and the arrangements to be made in his place, will be for decision in each instance by his employer.

4. The instruction given will, in the main, be practical and clinical in the hospital wards, supplemented by a few demonstrations in the School laboratories. Lectures will not be compulsory, but any lectures in Medicine, Surgery, Midwifery, Pathology and Medical Jurisprudence may be attended at option. At the conclusion of the three months' training, *viva voce* as well

as practical examinations in Medicine and Surgery will be held, and demonstrations of a few of the tests taught will be required.

Students should provide themselves with the following books:—

Taylor's Medicine.
Walsham's Surgery or Pye's Surgical Handicraft.
Newman's Aseptic Surgery.

The compulsory duties of those who undertake the post-graduate course will be:—

(1) Attendance at the Hospital from 7 A M. until work is finished.
(2) Attendance at any hour, if required for emergency cases.

The first half of the course will be chiefly devoted to clinical and practical instruction in the Surgical wards; the second to instruction in the Medical wards, but students will also be expected to avail themselves of every opportunity of clinical and practical instruction which may arise during the course, no matter which wards they may be attending at the time. Speaking generally, the range of the subjects taught and of the practical work done will be that of the graduation examination of the Schools.

Special insistance will be laid upon practical work and the syllabus will be as follows:—

Medicine—

(*a*) Case taking.
(*b*) Methods of physical examination of patients, including the use of simple clinical instruments.
(*c*) Instruction in the physical and chemical examination of urine, stools, sputum and blood, with ability to use the low powers of a microscope.
(*d*) Clinical lectures on cases in hospital, their diagnosis and treatment.
(*e*) Treatment of cases of poisoning and the use of the stomach pump.

Surgery—

(*a*) Surgical landmarks of the body-demonstrations.
(*b*) Instruments—The use and preservation of those in common demand at a dispensary-demonstrations.
(*c*) Asepsis—Sterilization of instruments, dressings, field of operation, hands and appliances (to be personally carried out under Operation Room Assistant.)
(*d*) Bandaging and use of splints—demonstrations.
(*e*) Clinical lectures on cases in hospital, their diagnosis and treatment.
(*f*) Minor operations on out-patients under the supervision of the Assistant Surgeon in charge.

Midwifery—Attendance on such cases as occur.

Pathology—Clinical laboratory instruction—mortuary attendance.

Jurisprudence—Demonstration of Police cases and medico legal *post-mortems*. Simple instruction in the symptoms of the most common poisons, such as opium, arsenic, *dhatura*, etc. Also common tests for these poisons and the treatment of such cases.

5. A fee of Rs. 30, payable in advance, will be charged for each student, which will be credited to Government. At the close of the year the Superintendent of each School shall submit proposals to the Inspector-General of Civil Hospital for the distribution of the sums so received as honoraria among the staff to whom the teaching of these officers has been entrusted.

6. The proposal was circulated for the opinion of all concerned, and was also discussed at the recent Commissioners' Conference. It has met with general approval, and the Lieutenant-Governor in Council trusts that full use will be made of the chance now given of raising the standard of professional knowledge prevalent among these officers, and thereby adding greatly to their utility.

By order of the Lieutenant-Governor in Council,

H. WHEELER,
Secy. to the Govt. of Bengal.

E. W. COLLIN, *Commissioner.*

COMMR.'S OFFICE, PRESY. DIVN., CALCUTTA, *the 27th January 1912.*

NOTIFICATION.

THE following Bye-laws adopted by the District Board of Khulna are published for general information under rule 6(*a*) of the Rules made by the Lieutenant-Governor under the power vested in him by section 138 of the Bengal Local Self-Government Act, III of 1885, and with reference to sections 139 and 143 of the Act published with Government Notification No. 764T.,M., dated the 7th September 1910.

These Bye-laws will be taken into consideration on the 15th March 1912 and any objection or suggestion received from any person before that date will be considered before they are confirmed by me under paragraph 2 of section 139 of the Bengal Local Self-Government Act III of 1885.

Bye-laws made under sections 139 and 140 of the Bengal Local Self-Government Act of 1885 and adopted by the District Board of Khulna.

Definitions.

1. In these bye-laws, unless there is anything repugnant in the subject or context,— Definitions.

(1) the word "cattle" has the same meaning as in the Cattle-trespass Act, 1871; 1 of 1871.

(2) "reserved tank or well" means a tank or well which the District Board has set apart under section 90 of the Bengal Local Self-Government Act of 1885, by public notice, for the supply of water for drinking and for culinary purposes, and includes any reservoir, or part of any river, *khal* or other channel, so set apart; and a notice-board on the edge of a reserved tank or well, containing the words "reserved tank" or "reserved well," or words to that effect, shall be deemed to be sufficient notice for the purpose of this definition; and Bengal Act III of 1885.

(3) the "slopes" of a reserved tank or well include all places from which water can flow directly into such tank or well; and

(4) "road" means a road vested in, or under the control and administration of, the District Board or a Local Board; and includes—

(*a*) a village road;
(*b*) the slope, berm, borrow-pits and side-drains of a road; and
(*c*) all land vested in, or under the control and administration of, the District Board or a Local Board, and attached to a road.

Roads, Drains, Bridges, Canals and Embankments.

Encroachment or obstruction on a road.

2. (*1*) No person shall encroach on any part of a road by cultivating crops thereon.

(*2*) No person shall, on any road, by means of any building, fence, pit, embankment or ditch or any other obstruction, or by means of any cut, drain or water-course intended for the purpose of drainage or irrigation, or by exposing thereon any goods for sale or by placing thereon any substance or material,—

(*a*) without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, make or cause any encroachment, or

(*b*) obstruct traffic, or

(*c*) cause any inconvenience to passengers, or

(*d*) hinder or impede the flow of water.

Sale, collecting or gathering of articles in vicinity of road.

3. No person shall without the sanction of the Chairman, District Board, expose or place any article for sale in any bazar or market in the vicinity of any road, or collect or gather any articles in the vicinity of a road, so as to interfere with the traffic of the road.

Cutting of plants, trees or hedges obstructing road or drain.

4. Any person in possession of, or having control over, any plants, trees or hedges which obstruct, overhang or overshadow any road, or any public drain or sluice, or any drain which is connected with a public drain, shall, if so required by notice in writing, signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, or by any Union Committee, cut down, prune or trim such plants, trees or hedges, within the period, and in the manner, prescribed in such notice.

22. (1) No person in charge of, or having control over, any animal used for riding or draught shall allow such animal to stand or wander on any road without a rider or driver.

(2) No person in charge of, or having control over, any cattle shall allow such cattle to stray or lie on any road so as to cause inconvenience or danger to any person travelling on the road.

(3) No person shall tether any cattle on, or within reach of, a road, or stall cattle or allow cattle to graze on a road.

Elephants and camels on road to have bell.

23. Every person owning, riding, driving or in charge of any elephant or camel proceeding on a road must see that such elephant or camel is provided with a bell, and with a light also if such animal is proceeding on a road after nightfall.

Taking elephants over road, embankment, bridge or culvert.

24. No person driving or in charge of an elephant shall—

(a) cause material injury to a road, or to an embankment vested in the District Board or a Local Board, by taking the elephant over the same; or

(b) take the elephant over a bridge or culvert vested in the District Board or a Local Board, unless the same be constructed of arched masonry.

Removal of elephants or camels from road to admit passage of horses.

25. Every driver of an elephant or camel shall, on being so required by the rider or driver of a horse, remove such elephant or camel with reasonable promptitude to a sufficient distance from the road, to allow such horse to pass safely along the road.

Care of vehicles on road.

26. (1) No person shall drive or have in his charge on any road more than one vehicle at a time.

(2) No person in charge of, or having control over, any vehicle shall allow it to stand unattended on any road.

(3) No person shall leave a vehicle standing on a road for any longer time than is necessary for loading or unloading it.

(4) No person shall drive upon a road any vehicle laden with bamboos, planks or other materials of a similar character which exceed twelve feet in length and project beyond the vehicle, unless the vehicle be accompanied also by another person.

(5) All owners and drivers of vehicles loaded with bricks or other materials shall be responsible for their being so secured that the contents thereof may not fall down on any road.

(6) If any vehicle breaks down on a road, the driver shall remove it to the edge of the road without delay, and shall, within a reasonable time, remove from the road all materials (if any) which have fallen from the vehicle, and shall place the vehicle in such a position that it will not obstruct traffic.

(7) No person shall lead or drive any vehicle up or down the slopes of any road, except at crossings fixed by the District Board.

Carrying bamboos or *bullahs* on cart on road.

27. No person shall carry bamboos or *bullahs* on a cart on any road in such a manner as to scrape the road, or to cause injury or annoyance, or risk of injury, to travellers thereon.

Width of tyres.

28. After the first day of July 1911, no bullock-cart shall travel on any road, unless the iron tyres of the wheels, or (in the case of carts not having iron tyres) the wooden rims of the wheels, are two inches or more in width:

Provided that this bye-law shall not apply to carts, owned by residents of other districts which do not ordinarily ply within the Nadia district but merely pass through that district.

Separate tracks for cart traffic and carriage traffic.

29. Where separate tracks on roads have been set apart for carts and carriages, respectively, no cart shall be permitted to pass over the portion reserved for carriages.

Municipal and Local.

NOTIFICATIONS.

No. 155M.—The 26th January 1912.—Under rule 27 read with rule 22 of the rules made under section 7 of the Central Provinces Municipal Act, 1889 (Act XVIII of 1889), which continue in force under section 173 (2) of the Central Provinces Municipal Act, 1903 (XVI of 1903), the Lieutenant-Governor in Council is pleased to confirm the election of Pandit Basudeo Guru to be a member of the Municipal Committee of the town of Sambalpur, in the district of Sambalpur, *vice* Babu Ram Prasad Bohidar, removed.

Sambalpur.

No. 170M.—The 27th January 1912.—The following draft of an order which the Lieutenant-Governor in Council proposes to make in exercise of the power conferred by section 279 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), is published for the information of persons likely to be affected thereby.

The draft will be taken into consideration on the 10th March 1912, and any objection or suggestion which may be received by the undersigned through the District Magistrate, 24-Parganas, and the Commissioner of the Presidency Division before that date, will be duly considered.

Draft.

In exercise of the power conferred by clause (*a*) of the first proviso to sub-section (3) of section 279 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), the Lieutenant-Governor in Council is pleased to direct that no water-rate shall be levied by the Commissioners of the Cossipore-Chitpur Municipality on any house or land, no part of which is situated within a radius of one thousand feet from the nearest stand-pipe or other source of water available to the public.

2. The above order cancels so much of Notification No. 1406M., dated the 3rd April 1895, published at page 75 of Part IB of the *Calcutta Gazette* of the 10th *idem*, as fixes—

(*a*) the amount of the percentage at which the water-rate, and

(*b*) the radius within which such water-rate

is to be levied within the said Municipality.

No. 172M.—The 27th January 1912.—In exercise of the power conferred by section 14 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Lieutenant-Governor in Council is pleased to appoint the following gentlemen to be Commissioners of the Dumka Municipality, in the district of Sonthal Parganas, namely:—

Sonthal Parganas.

The Subdivisional Officer, Dumka	...	...	*Ex-officio.*
The Civil Surgeon, Dumka	...	...	
Babu Chandra Narayan Gupta.			

No. 174M.—The 27th January 1912.—In exercise of the power conferred by section 221 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and upon the application of the Commissioners of the Buxar Municipality, in the district of Shahabad, made at a meeting specially convened to consider the question, the Lieutenant-Governor in Council is pleased to extend the provisions of Part VI of the said Act to the said Municipality.

Shahabad.

2. This notification supersedes the notification dated the 18th September 1876, published at page 1169, Part I of the *Calcutta Gazette* of the 20th idem, the notification dated the 7th December 1885, published at page 93, Part IB of the *Calcutta Gazette* of the 9th idem, and the notification dated the 13th October 1888, published at page 409, Part IB of the *Calcutta Gazette* of the 17th idem.

No. 177L.S.-G.—The 29th January 1912.—The following draft of an order which the Lieutenant-Governor in Council intends to make under section 37 of the Bengal Local Self-Government Act, 1885 (Ben. Act III of 1885), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 1st March 1912, and any objection or suggestion which may be received by the undersigned before that date through the District Magistrate and Commissioner of the Tirhut Division will be duly considered.

Draft order.

In exercise of the power conferred by section 37 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Lieutenant-Governor in Council is pleased to extend the provisions of Chapter II of Part I of that Act relating to Union Committees, to the district of Saran, with effect from the 1st April 1912.

Saran.

No. 179L.S.-G.—The 29th January 1912.—The following draft of an order which the Lieutenant-Governor in Council intends to make under section 38 of the Bengal Local Self-Government Act, 1885 (Beng. Act III of 1885), is published for the information of persons likely to be affected thereby.

Saran.

2. The draft will be taken into consideration on the 1st March 1912, and any objection or suggestion which may be received by the undersigned before that date through the District Magistrate and the Commissioner of the Tirhut Division will be duly considered.

Draft Order.

In exercise of the power conferred by section 38 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Lieutenant-Governor in Council is pleased to constitute the following group of villages, in the district of Saran, into a Union, with effect from the 1st April 1912:—

Name of the District Board within whose jurisdiction the Union is constituted.	Name of Union.	Number of members of which the Union Committee shall consist.	Names of villages which constitute the Union.	Boundaries of the Union.
Saran ...	Gopalganj...	5	1. Gopalganj ... 2. Hajiapur. 3. Kaithwalia. 4. Sareya. 5. Jangalia. 6. Khajuria. 7. No. 225L.S.-G.—The 29th January 1912.—The following draft of a notification which the Lieutenant-Governor in Council intends to issue under the Bengal Local Self-Government Act, 1885 (Bengal Act III of 1885), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 1st March 1912, and any objection or suggestion which may be received by the undersigned through the District Magistrate and the Commissioner of the Division before that date will be considered.

Draft Notification.

In exercise of the power conferred by clauses (*i*), (*l*) and (*m*) of section 138 of the Bengal Local Self-Government Act, 1885 (Bengal Act III of 1885), the Lieutenant-Governor in Council is pleased to make the following amendments in Part IX of the rules published with notification, dated the 20th December 1901, at page 293 of Part IB of the *Calcutta Gazette* of the 25th idem, as amended by subsequent notifications, and in Part IXA of the rules published with notification, dated the 1st July 1888, at page 263 of Part IB of the *Calcutta Gazette* of the 4th idem, as amended by subsequent notifications, namely:—

(*a*) *Insert* the words "for sanction" after the word "Board" in the last sentence of rule 31 of Part IX of the rules.

(*b*) For rule 32 of Part IX of the rules, as amended by Notification No. 1298L.S.-G., dated the 10th August 1908, *substitute* the following—

"Except as permitted by rule 31, the District Engineer is strictly prohibited

(*i*) from commencing the construction of any new work or repairs or expending public funds; or

(*ii*) from making or permitting any deviations from any sanctioned design in the course of execution,

without the sanction of competent authority, which he shall take steps immediately to obtain.

Provided that the District Engineer is permittted to make deviations from sanctioned designs in the course of execution which are essentially trifling and to incur the expenditure incidental thereto upon his own responsibility. Similarly, trifling variations between subheads which do not result in any excess over the total estimate may be sanctioned under the authority of the District Engineer."

(*c*) *Insert* a new rule 32A:—

"All expenditure incurred in contravention of rules 31 and 32 will be at the risk of the District Engineer"

(*d*) For rule 53 of Part IX of the rules, as amended by Notification No. 1298L.S.-G., dated the 10th August 1908, *substitute* the following :—

"Whenever there is reason to anticipate that an estimate will be exceeded by more than 10 per cent. of its total amount, a revised estimate shall immediately be prepared and submitted for the approval of the authorities whose sanction would be necessary if it were an original estimate. When excesses occur at such an advanced period of the construction of a work as to render the submission of a revised estimate purposeless, the excesses will be dealt with in a completion report, in which details need only be given when the excess is above 5 per cent. of the original estimate."

(*e*) In rule 19 of Part IXA of the rules at the end of paragraph 2 for the words—

"and subsequent sanction must be applied for without any delay"

substitute

"and if sanction has not already been obtained in accordance with rule 31, Part IX, it should be applied for at once."

CORPORATION OF CALCUTTA.

NOTICE.

IN supersession of the existing rule 1 of the Rules under section 85 of the Calcutta Municipal Act for the conduct of business at the meetings of the Corporation, the following amended rule has been duly made by the Commissioners at their meeting held on the 17th instant and is published for information in compliance with the provisions of section 570 of the Act:—

Date and hour of meeting.

"An ordinary meeting of the Corporation shall be held at 4 o'clock in the afternoon of Wednesday in each week, unless otherwise specially ordered by the Corporation, or unless the Chairman thinks there is not sufficient business and unless a public holiday falls on any Wednesday, in which latter case it shall be held on the first next Wednesday thereafter that is not a public holiday.

"The hour of meeting shall be 4 to 6 P M. Provided that if at 6 o'clock a discussion under debate has terminated, or the closure has been moved and carried, and the vote on the question under debate remains to be taken, then the proceedings shall not be interrupted and the meeting shall continue but only for the purpose of enabling the vote to be taken.

"If at the expiration of 15 minutes after the hour at which any meeting of the Corporation is appointed to be held the number necessary to form a quorum be not present, the President shall adjourn the meeting to the next succeeding Wednesday, which is not a public holiday, or to some other day as he may think fit.

It shall be the duty of the Chairman to prepare and circulate amongst the Commissioners the list of business for each meeting."

NOTIFICATION.

POST-GRADUATE RESEARCH SCHOLARSHIPS, 1912.

1. Two post-graduate Research Scholarships of the monthly value of Rs. 100 each, and tenable for a maximum period of three years, but in the first instance for one year only, will be awarded early in the year 1912.

2. No candidate will be considered who has not passed the M A., the M.Sc., the M D., the D L. or the Master in Engineering Examination of the Calcutta University in 1909, 1910 or 1911. No candidate will be considered who is not possessed of high qualifications, and who cannot show that he has a capacity for original research.

3. One of the scholarships will be awarded to a candidate who proposes to carry on original research in some scientific subject, such as Natural and Physical Science, Chemistry, Mathematical Science, etc. The other may be awarded to a candidate who undertakes research in some literary subject, such as a Language, Comparative Philology, Palæography, Epigraphy, Philosophy, History, Archæology, Anthropology, etc.; but no application for a scholarship for research in a literary subject will be considered unless a candidate presents himself who not only shows that he has the capacity for undertaking the research proposed, but also makes it clear, by the programme which he submits, that he has thought out a definite course of enquiry. In the event of no suitable candidate for a literary research scholarship being forthcoming, both the scholarships may be awarded for scientific research.

4. All applications must be submitted, through the head of the institution in which the candidate read last, so as to reach the undersigned on or before the 15th February 1912.

5. Application forms may be had from the Personal Assistant, Office of the Director of Public Instruction, Writers' Buildings, Calcutta.

Director of Public Instruction, Bengal.

NOTIFICATION.

STATE SCHOLARSHIPS TENABLE IN ENGLAND BY EUROPEANS AND EURASIANS EDUCATED IN INDIA.

No. 773.—The 16th January 1912.—In the year 1907 His Majesty's Secretary of State for India sanctioned the institution of one scholarship of £200 per annum tenable at a European University to be awarded in each year to a member of the domiciled European and Eurasian community in India on the understanding that candidates belonging to this community should no longer be regarded as eligible for the two University State Scholarships at present granted to natives of India. *For the scholarship to be awarded in the year 1912 applications are now invited.*

2. The scholarship will entitle the holder to an allowance not exceeding £200 per annum payable from the date of his arrival in England and will be tenable for three or four years, as circumstances may require, at any University in the United Kingdom or, with the special sanction of the Government of India, at a foreign University. The candidate to whom the scholarship is awarded will be required to proceed to England within a reasonable period from the date of his selection, and to reside there for a period of three or four years, as the case may be, unless compelled to return sooner by ill-health. He will be provided with a free second class passage to England, and also with a free return passage if he completes the full period of residence or is compelled by sickness to return within that period.

3. The two main principles which govern the grant of the scholarship are—

(i) that as the object in view is to assist a domiciled European or Eurasian to go through a University course in England the scholarship will ordinarily be awarded to a young man at the close of his school career in India so that he may join the University at practically the same age as boys educated in England: the Government of India place the age limits at 18 to 21, *i.e.*, the candidate must have completed 18 years of age and not have completed 21 years on 31st March of the year in which the scholarship is awarded, and

(ii) the scholarship will be given to the candidate who is most likely to win distinction at the University.

4. The following rules are to be observed in regard to the form in which applications are to be submitted: —

(1) The application should ordinarily be in the handwriting of the applicant. In the exceptional case of his being out of India, the parent or guardian may submit an application.

(2) The application should give full details as to the applicant's age, family circumstances, the schools or colleges which he has attended, his studies, the distinctions he has gained, and the course of study he wishes to follow. Information should also be given as to —

(*a*) the University at which the candidate proposes to study and the reasons for selecting the particular University;

(*b*) the special aptitude, if any, which the candidate has shewn for the kind of study which he proposes to pursue.

(3) The application should be accompanied by a birth certificate, a certificate from a commissioned officer of the Indian Medical Service testifying to the general health of the candidate and certifying that his physique is such that there is good prospect of the University course not being seriously interrupted by ill-health, and testimonials as to character and capacity. If original testimonials are not sent in, certified copies must be submitted. The testimonials should include —

(*a*) A certificate from the Principal of the institution last attended, stating that the applicant is of good moral character and of active habits, and in the event of his having left school or college more than six months before the date of application, a certificate by a person of recognised position well acquainted with him, stating how he has been employed since he left school and certifying to his moral integrity.

(*b*) A certificate from some person of recognised position well acquainted with the candidate and his family, to the effect that he is a native of India within the meaning of Statute 33 Vict., Cap. 3, section 6, and that his parents are not resident in India for temporary purposes only.

5. The Director of Public Instruction will personally interview those applicants whose names he thinks worthy of submission to Government. If a personal interview is impossible (*e.g.*, owing to a candidate being absent from India), the fullest possible information should be given as to the physique and character of the candidate.

6. All applications for the scholarship to be awarded during the year 1912 should be submitted in the first instance to the Inspector of European Schools, Bengal, in time to reach the Director of Public Instruction on or before the 15th February 1912.

7. No application will be considered unless the applicant declares that the conditions of the scholarship as laid down in paragraphs 2 and 8 of this notification are known to him, and that he is prepared to abide by them.

8. The scholar will, on arrival in England, be required to bind himself by a written engagement to submit to the following rules, and to such other regulations as may from time to time be framed by His Majesty's Secretary of State for the guidance of scholars in England:—

(*a*) Every scholar shall, on reching England, at once present himself to the Secretary, Judicial and Public Department, at the India Office, and report his arrival in writing.

(*b*) Every scholar shall, without any unnecessary delay, inform the Secretary of State to which University or College he is about to proceed, and shall at once take steps to enter himself thereat.

(*c*) Every scholar shall, at the end of each term of residence at a University, submit to the Secretary of State a certificate from the proper University or College authority showing that his residence, conduct and progress in study have been satisfactory during the term.

(*d*) Every scholar shall at all times obey such instructions as he may receive from the Secretary of State.

(*e*) Subject to a due compliance with the above conditions, the allowance, at the rate of £200 a year for three years, or four years, if so determined will be paid quarterly, in advance, by the India Office, commencing from the date of the scholar's reporting his arrival in England.

(*f*) Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to complete the required terms of residence at a University or who is guilty of misconduct, persistent idleness, or disregard of the orders of the Secretary of State. If the scholarship be forfeited, the scholar will lose his claim to a free return passage to India and will further become liable to refund the cost of his free passage to England.

(*g*) The scholar will be under the supervision and charge of the Political A.-D.-C. to the Secretary of State, through whom the necessary orders will be given, and to whom all reports and other communications respecting him should be sent.

G. W. KÜCHLER,
Director of Public Instruction, Bengal.

NOTIFICATION.

State Technical Scholarships, 1912.

ONE (or two, if available) scholarships of the value of £150 a year exclusive of fees payable to the institutions where the scholars will study and travelling expenses, tenable in Europe or America for two years, will be awarded in 1912 by the Government of India to Statutory Natives of India to enable them to study Mechanical and Electrical Engineering. The value of the scholarships and the period of tenure may be increased in exceptional cases. Preference will be given to those who have already received the best technical education in these subjects, available in the Province.

Application in the prescribed form with testimonials in original should reach the Director of Public Instruction on or before the 25th February 1912. For other particulars the Government Notification No. 52, dated the 6th January 1912, published in the *Calcutta Gazette* of the 10th January 1912 may be referred to.

STATE SANSKRIT AND ARABIC SCHOLARSHIPS, 1912.

CANDIDATES are invited to apply for two State scholarships of the annual value of £150 each, tenable for two years in the United Kingdom or Continental Europe, for the special study of Sanskrit and Arabic, the courses of which will be decided by the Secretary of State for India.

2. These scholarships are open to well qualified students with a genuine taste for oriental studies and to gentlemen already employed as Professors of Sanskrit and Arabic in India.

3. Selected candidates will be provided with a free second class passage to Europe and also with a return passage if they complete the full period of residence or are compelled by sickness to return earlier.

4. Applications in the prescribed form with a full description of the candidate's qualifications to reach the Director of Public Instruction, Bengal, not later than 26th February 1912

5. Application forms may be had from the Personal Assistant, Office of the Director of Public Instruction, Writers' Buildings, Calcutta.

Notice.

THE Suri Cattle and Produce Exhibition will be held (for the 16th year) at Barabagan, Suri Railway Station, on the Ondal Sainthia Chord Railway, in the district of Birbhum, on the 9th February 1912 and four following days. The grounds will be opened for the sale of articles from the 7th February for a week. Cattle, agricultural produce and indigenous manufacture will be received as exhibits on the 9th and 10th February 1912. Prizes in money, medals, certificates and selected seeds and implements, amounting to the value of about Rs. 600, will be awarded for exhibits of this district as well as for those of good qualities of other districts. Intending exhibitors should prepare their exhibits and begin to make collections of indigenous articles from now, for which rewards will be amply given. Dealers and performers of music and sports may come and open their stalls in the exhibition ground two or three days beforehand. They should communicate with the Secretary about sites and other particulars at least a week before. The Railway Company is expected to make some concessions in the rates for luggage, etc., and the Exhibition Committee will also bear a portion of the expenses for bringing and taking back the exhibits from distant places.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,

or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.
